++ Cash advance are transactions where Forex cards are used at branches across International Banks for doing face-to-face cash disbursements.																
*Note – Cash Advance fees are reduced to 0.50% of the transaction amount or \$75 or equivalent whichever is lower.																
** The overseas banks are given rights by the local federal laws to charge fees to other bank customers for accessing their ATMs to withdraw money. Accordingly, many ATM's abroad do levy charges for withdrawing from their ATM over and above the charges levied by Axis Bank. This charge is normally displayed to the customer during the transaction, and the customer has the option to either proceed with the transaction or abort it. Please note that these charges are not levied by Axis Bank and hence cannot be refunded.																
*** If the Forex Card is applied digitally or reloaded through the digital platform, there are no charges for the same.																
# Reload and Encashment fee mentioned is per currency.
