

## Revision of AIRTEL AXIS BANK CREDIT CARD Terms and Conditions

While you continue to enjoy the benefits on your **AIRTEL AXIS BANK CREDIT CARD**, effective **12-April-2026** the following revisions will be applicable on your credit card:

1. Changes in cashback features and benefits

- You will continue to earn 25% cashback on Airtel Mobile, Broadband, and DTH via the Airtel Thanks App and 10% cashback on other utility payments via Airtel Thanks App.
- However, you will now have the power to set your own cashback capping for the month. The maximum cashback that can be earned on Airtel spends in a statement month will now be capped to the base cashback amount (1% category) earned during the same statement month basis the following:
  - 25% Airtel category spends: Capped at twice the base cashback earned during the same statement month, instead of INR 250
  - 10% Airtel category spends: Capped at the base cashback earned during the same statement month, instead of INR 250
- **Please note:** The Cashback earned credit will continue to follow the existing 60-day credit cycle. Accordingly, the Cashback to be credited as per the revised capping logic will be reflected in the Statements generated on or after 12 June 2026

2. 10% cashback benefit on Swiggy, Zomato, and BigBasket has been replaced with a 10% value back on Zomato, Blinkit, and District Movies, applicable via Ecom as the mode of payment

- The value back against Zomato, Blinkit and District Movies shall be credited as part of the respective partner wallet and will have no validity period. The value back can be utilised for any subsequent purchase made at respective partner platform
- Maximum monthly value back of INR 200 per partner, per primary card.
- Minimum Order Value applicable of INR 499 on Zomato & Blinkit [offer not applicable on Wallet load and purchase of gift card]
- Axis Bank cashback shall not be applicable for this category

3. 4 complimentary domestic lounge access will be discontinued

Below is an illustration of the benefits that can be earned in a month

Txn Details/Merchant	Transaction amount	Benefit	Benefit earned with capping
