III. A BRIEF SUMMARY OF THE BUSINESS/ ACTIVITIES OF THE ISSUER AND ITS LINE OF BUSINESS.

i. OVERVIEW:

The Bank is a leading private sector bank and financial services company in India offering a wide range of products and services to corporate and retail customers through a variety of delivery channels. The Bank commenced operations in April 1994 and, over the last 23 years, has grown both in terms of the size of its asset base and its physical network of branches, extension counters and ATMs.

As at 31st March 2017, the Bank was the third largest private sector bank in India in terms of total assets, based on public filings of private sector banks. The Bank's total assets as at 31st March 2017 were Rs.6,01,468 crore as compared to Rs. 5,39,821 crore as at 31st March 2016. The Bank's net profit has declined from Rs. 8,224 crore in the year ended 31st March 2016 to Rs. 3,679 crore in the year ended 31st March 2017, representing a decrease of 55 per cent. As at 31st March 2017, the Bank's net loans and net deposits amounted to Rs. 3,73,069 crore and Rs. 4,14,379 crore, respectively. As at 31st March 2017, the Bank had a network of 3,304 branches and extension counters and 14,163 ATMs spread over 1,946 centres in India. In addition to the Bank's growing branch and ATM network, the Bank also offers telephone banking in various cities, as well as Internet banking and mobile banking facilities. These and other resources give the Bank the capability to deliver a broad range of banking products through multiple delivery channels for the convenience of its customers. As at 31st March 2017, the Bank also had nine overseas offices, with branches in Colombo, DIFC, Hong Kong, Shanghai and Singapore and representative offices in Dubai, Abu Dhabi and Dhaka and a subsidiary in London. The Bank's foreign branches primarily offer corporate banking, trade finance and treasury and risk management services.

The Bank's core income stream comprises interest income earned from its large and mid-corporate, SME, agriculture and financial customers, and retail loan portfolios as well as its money-market operations and investment portfolio. The Bank also earns fee and commission income from the processing of loans, documentary credits, bank guarantees, placements and syndication, service charges, cash management services, advisory services, depository services, capital market services, ATM interchange and cards, remittance, wealth management and sale of third party products. Additionally, the Bank earns trading profit from proprietary trading in investments, foreign exchange and derivatives. The Bank's expenses consist of interest and non-interest expenses. The Bank's major non-interest expenses include staff costs, occupancy costs (including rent for office premises, repair and maintenance), depreciation and other administrative costs.

The Bank was formerly known as UTI Bank Limited (having corporate identity number L6511GJ1093PLC020769) and obtained its certificate of incorporation on 3rd December 1993 and its certificate of commencement of business under the Companies Act, 1956 from the Registrar of Companies, Gujarat Dadra and Nagar Haveli, India on 14th December 1993. The Bank began operations by opening its first branch in Ahmedabad on 2nd April 1994 and was one of the first private sector banks established under guidelines issued in 1993 by the RBI in line with the Government's policy to reform India's financial sector. In 2007, the Bank changed its name from "UTI Bank Limited" to "Axis Bank Limited", obtaining its certificate of incorporation on change of name on 30th July 2007, from the Registrar of Companies, Gujarat Dadra and Nagar Haveli, India.

Since the year ended 31st March 2011, the Bank has experienced significant growth in its customer and geographical base, which expanded from 9.40 million retail saving customer accounts in 921 locations in India as at 31st March 2011 to 20.23 million retail saving customer accounts in over 1,946 locations in India as at 31st March 2017. The Bank's total assets have increased from Rs. 5,39,821 crore as at 31st March 2016 to Rs. 6,01,468 crore as at 31st March 2017, with the retail loan portfolio increasing from Rs. 1,38,521 crore as at 31st March 2016 to Rs. 1,67,993 crore as at 31st March 2017. Furthermore, total deposits of the Bank grew from Rs. 3,57,968 crores as at 31st March 2016 to Rs. 4,14,379 crore as at 31st March 2017, with low-cost deposits (savings bank and current account deposits) increasing by Rs. 43,605 crore over the same period. The Bank's ATM network increased from 12,743 ATMs as at 31st March 2016 to 14,163 ATMs as at 31st March 2017.

The Bank's principal business activities are divided into two segments, Banking Operations and Treasury.

1. Banking Operations

Banking Operations include products and services in the following areas:

- Corporate Relationship Group (CRG), offers various loan and fee-based products and services to large and mid-corporate clients. These products and services include cash credit facilities, demand and short-term loans, project finance, export credit, factoring, channel financing, structured products, discounting of bills, documentary credits, guarantees, foreign exchange and derivative products, cash management services, warrant payment services, cross-border trade and correspondent banking services and tax collections on behalf of the Government and various State Governments in India. Liability products including current accounts, certificates of deposit and time deposits are also offered to customers of large and mid-corporate segments. Loans under this segment amounted to Rs. 1,55,903.90 crore and constituted 41.79 per cent. of the Bank's total loan portfolio as at 31st March 2017.

- The Bank operates from 54 SME centres and 15 SME cells to service customers effectively covering around 2,200 branches. The SME group offers products, including term loans and working capital finance, tailored to the specific

requirements of SME clients. Loans under the SME (including corporate agriculture) amounted to Rs. 49,172.50 crore as at 31st March 2017 and constituted 13.18 per cent. of the Bank's total loan portfolio as at 31st March 2017.

- Retail Banking offers a variety of liability and asset products and services to retail customers. Retail liability products include savings accounts, time deposits and customised products for certain target groups, such as high-net-worth individuals, senior citizens, working mothers, armed forces personnel, students and salaried employees. Retail asset products include home loans, personal loans, auto loans, consumer loans, loans against gold and educational loans as well as secured loans of various types. The Bank also offers other products and services such as debit and travel currency cards, financial advisory services, bill payment services and wealth management services. The Bank had 20.23 million retail savings customer accounts as at 31st March 2017. The Bank also markets third party products such as mutual funds and Government savings bonds. A wide range of liability and asset products and services are also offered to non-resident Indians (NRIs). The retail portion of the agriculture lending business of the Bank was reorganised and aligned with the existing retail loans portfolio. Loans under the retail segment including retail agriculture lending amounted to Rs. 1,67,993 crores as at 31st March 2017 and constituted 45.03 per cent. of the Bank's loan portfolio as at 31st March 2017.

- Transaction Business Banking. The Transaction Business Banking group (TxB) was formed in April 2015 to provide effective service to the Bank's customers and to offer efficient client management and product solutions. The TxB department provides integrated products and services to customers in areas of current accounts, cash management services, capital market services, trade, foreign exchange and derivatives. In addition to transaction banking services to corporate customers, the TxB group also provides current accounts, savings accounts to Government and State Government agencies as well as to retail customers. As at 31 March 2017, the Bank had 1.7 million current account relationships in its business banking segment.

2. Treasury

The Treasury manages the funding position of the Bank and also manages and maintains its regulatory reserve requirements. The department invests in sovereign and corporate debt instruments and engages in proprietary trading in equity and fixed income securities, foreign exchange, currency futures and options. It invests in commercial paper, mutual funds and floating rate instruments as part of the management of short-term surplus liquidity. In addition to proprietary trading and liquidity management, the Treasury also offers a wide range of treasury products and services to the Bank's corporate customers, including derivative instruments such as forward contracts, interest rate swaps, currency swaps and foreign currency options in addition to services such as loan syndication and placement.

Banking Operations

Banking operations include products and services in the following areas:

- Corporate relationship and lending business group;
- SME;
- Retail banking; and
- Transaction Business banking.

The Corporate Relationships and Lending business of the Bank is organised as follows:

A) Corporate Relationship Group (CRG)

During fiscal 2016 and 2017, the Bank expanded its client coverage model, and specific business groups were formed to provide focused service to various customer sub segments within the Corporate Relationship Group. The focus and primary responsibilities of the various groups under the CRG are described below:

- Strategic Client Coverage Group (SCG): This team is exclusively responsible for select blue-chip corporate customers that generally have a national footprint. These accounts require dedicated coverage from the Bank to obtain better value in terms of profit, capital efficiency and cross-sale of non-credit products;
- Corporate Client Coverage Group (CCG): This team is responsible for managing relationships across all products of the Bank for all corporates other than those being covered by the SCG, the Structured Finance Group, New Economic Group, Government Coverage Group and the SME department (described below).
- Structured Finance Group (SFG): This team plays an important and critical role in managing the asset book of the bank which may need timely and proactive intervention. The SFG has two sub groups, namely Strategic Solutions Group and Stressed Assets Group:
 - i. Strategic Solutions Group (SSG): The team provides structured financial solutions to select corporate clients that require special attention and proactive management; and
 - ii. Stressed Assets Group (SA): The team is responsible for the efficient resolution of non-retail NPAs of the Bank.
- Financial Institutions Group (FIG): The group comprises two sub-groups, namely:

- i. Global Financial Institutions Division (GFID): GFID is a coverage team responsible for developing and maintaining strategic business relationships with all segments of financial institutions including building a network of correspondent banks that support trade and cross-border business of the Bank and its clients across the globe.
- ii. Syndication: The team is engaged in down selling and distribution of loans and assisting client coverage teams in taking underwriting calls.

• **New Economy Group (NEG):** This group has been formed to capitalise on the opportunity in the Indian retail customer sector. The group intends to focus mainly on companies which have moved past their initial development and setting-up stage and typically have been in operation for at least a year.

• **Government Coverage Group (GCG):** The group aims to strengthen the non-liability business in the government/PSU segments besides and to enhance the quality of customer service in these segments.

• **Strategic Initiatives Group (SIG):** The team is responsible for guiding the corporate business in policy formulation, advising on digital initiatives to be undertaken, monitoring the performance of the department, providing business intelligence and credit intelligence by way of market studies, data analytics and trends over time.

Corporate Credit Department (CCD):

This department handles the various functions related to appraisal and monitoring of credit products for all corporate clients, other than those covered by the SME department and the Strategic Solutions Group along with managing the project advisory function for underwriting.

Products and Services

A broad classification of products and services offered by the Bank to its CRG clients (as well as to "SME" (including corporate agriculture), for which see "– SME") is set forth below.

- **Fund-based products.** Loans and advances for working capital, corporate finance and project finance.
- **Non-fund-based products.** Non-funded advances such as documentary credits, standby letters of credit and guarantees.
- **Fee-based services.** Including fund transfers, cash management services, collection of Government taxes, trade services and loan syndication.

Other products and services offered include time deposits and current accounts (ie chequing accounts). These products and services are delivered to customers through the Bank's network of branches, correspondent banking networks, telephone banking, mobile banking and the Internet.

Fund-Based Products

Fund-based limits are generally granted by way of overdrafts, cash credit, demand loans, medium-and long-term loans and discounting of bills. Generally, the type of facility to be granted is determined based on factors such as the loan purpose, the security offered, the size of the advance, repayment terms, risk profile and the requirements of the customer.

Working Capital Finance

Cash credit, working capital demand loans and overdraft facilities are funded facilities, usually secured by current assets such as inventory and receivables. These facilities are generally extended for a period of one year. In almost all cases, facilities are subject to an annual review and are repayable on demand. Interest is collected on a monthly basis, based on daily outstanding amounts.

Bill discounting involves discounting negotiable instruments, which are generally issued for trade receivables. These can also be re-discounted with other banks and financial institutions, if required.

As at 31st March 2017, the Bank's outstanding net corporate working capital loans amounted to Rs. 73,178 crores, constituting 19.62 per cent. of its net loan portfolio, as compared with Rs. 68,773 crores as at 31st March 2016, constituting 20.30 per cent. of its net loan portfolio as at that date.

Project and Corporate Finance

The Bank provides project finance to companies in the manufacturing, service and infrastructure sectors by way of medium- and long-term loans. Corporate financing is offered to customers based on the Bank's appraisal of the quality of management, industry, prospects, business model and financial strength of the firm. This financing is provided by way of term loans of various tenors. The Bank offers asset-based lending such as receivables financing and also offers customised corporate finance products to meet specific customer needs.

As at 31st March 2017, the Bank's outstanding net non-retail loans for project and corporate finance amounted to Rs. 1,31,899 crores, constituting 35.36 per cent. of its net loan portfolio, compared with as at 31st March 2016, these amounted to Rs. 1,31,480 crores, constituting 38.81 per cent. of the Bank's net loan portfolio.

Non-Fund-Based Products

Documentary Credits

The Bank provides documentary credits to customers to meet their working capital requirements as well as for capital equipment purchases. Documentary credits are approved together with a working capital assessment or a project finance assessment. Typically, a working capital line can be drawn down on a revolving basis over the term of the facility. Customers pay fees for drawdowns of the documentary credit, and the Bank may require additional collateral by way of a cash margin. The percentage of any such margin is determined according to the Bank's perception of the transaction's risk. As at 31st March 2017, the Bank's documentary credit portfolio amounted to Rs. 33537 crores, compared with Rs. 29485 crores as at 31st March 2016.

Guarantees

Guarantees, which also include standby letters of credit, can be drawn down in a revolving manner over the life of the facility. Guarantees are also assessed during the course of working capital requirements. Guarantees are issued for various purposes such as bid bonds, performance guarantees on behalf of borrowers for execution of contracts, deferral or exemption from payment of statutory duties against performance obligations, advance payments, release of retention monies and other purposes.

The tenor of guarantees is generally 36 months or less depending on the underlying obligations being guaranteed, although certain guarantees with a longer term may be approved. As with documentary credits, the Bank sometimes obtains additional collateral by way of a cash margin which, in the case of certain types of guarantees, may be as much as 100 per cent. As at 31st March 2017, the Bank's outstanding guarantees amounted to Rs. 81,132 crores compared with Rs. 68,653 crores as at 31st March 2016.

Fee-Based Services

Fee income (including merchant profit) from corporate credit banking services (which also includes fees from SME (including corporate agriculture lending), business banking and treasury) constitutes one of the significant revenue streams of the Bank. Fee income from these segments accounted for 15.03 per cent. of total operating revenue of the Bank (which represents the aggregate of net interest income and other income for the relevant period) for the year ended 31st March 2017. The Bank offers a variety of fee-based services, including cash management services, collection of commercial taxes, trade services, remittances, collections and loan syndication. In addition to these traditional fee-generating products and services, the Bank also offers tailor-made products on a fee-basis to address specific corporate customer needs through a structured products group.

Credit Selection Strategy

The Bank's criteria for acceptability of credit include:

- an acceptable internal credit rating (generally BBB and above with more focus on A- and above for large and mid-corporates and SME4 (moderate safety) and above for borrowers in the SME segment);
- significant probability of credit rating enhancement in the medium term;
- strong cash flows;
- satisfactory quality of management in terms of past track record of performance and reputation for competence, integrity and respectable corporate governance practices;
- long-term sustainability of the borrower's business model;
- likely future leader in emerging businesses;
- acceptable underlying security and credit enhancement measures; and
- reasonable pricing and acceptable rate of return on capital.

Pricing Policy

The Bank prices its credit products based on its assessment of the risk profile of borrowers, largely based on:

- internal/external credit rating of customers;
- tenor of the loan;

- the specific structure of the product (such as embedded options);
- available collateral and credit enhancement;
- overall relationship value; and
- market conditions.

Export Credit

According to the Master Circular — Rupee/Foreign Currency Export Credit and Customer Service to Exporters R31/2015-16/47 DBR No.DIR.BC.14/04.02.002/2015-16 issued on 1st July 2015, banks are able to offer Indian Rupee export credit at interest rates at or above the base rate. Pre-shipment and post-shipment export credit can be provided in both Indian Rupees and foreign currencies. Export credit for eligible activities under agriculture and micro and small enterprises (MSEs) is reckoned for priority sector lending under respective categories. The RBI provides export refinancing for an eligible portion of total outstanding export loans at the bank rate prevailing from time to time. Banks also earn fees and commissions from exporter customers for certain fee-based products and services provided to them, in addition to the interest income earned on export credits. As at the last reporting Friday of the year ended 31st March 2017, the Bank's outstanding export credit amounted to Rs. 3,182 crores, constituting 1.10 per cent. of the Bank's adjusted net bank credit. As at the last reporting Friday of the year ended 31st March 2016, the Bank's outstanding export credit amounted Rs. 3,176 crores, constituting 1.36 per cent. of the Bank's adjusted net bank credit.

B) SME

This segment is of strategic importance to the Bank as it generates higher yields and helps to diversify risk. SMEs offer good business potential both for fund-based and non-fund-based products, as well as for cross-selling of products.

The Bank continued its focus on the SME segment during the year by providing timely and adequate credit to customers with quick turnaround time. The wide range of customised products offered by the Bank ensures that customers get adequate finance best suited for their businesses. The segment offers both template and non-template products, including term loans and working capital finance, non-fund based facilities tailored to the specific requirements of clients. The Bank has created focused business segments to meet the requirements of this sector, namely the Small Enterprises Group (for exposures up to Rs. 100 million), the Medium Enterprises Group (for exposures above Rs. 100 million) and the Supply Chain Finance Group. As at 31 March 2017 these business segments comprised 46.94 per cent., 38.04 per cent. and 15.02 per cent. of total SME advances respectively.

The Bank's SME business segment emphasises relationship building and supporting entrepreneurs. Loans to SMEs increased by 10 per cent. from Rs. 44,900 crores as at 31st March 2016 to Rs. 49,200 crores as at 31st March 2017. As on date the Bank operates from 54 SME centres and 15 SME cells across the country (51 SME centres and ten SME cells in the previous year) to service customers, effectively covering over 2,200 branches. The Bank has built what it believes is a robust risk management system which has helped the portfolio for the SME business to remain well diversified and in turn carry lower concentration risk. The Bank has adopted a practical approach to increasing the SME portfolio by focusing primarily on better-rated SME accounts. The SME business continues to perform well and the portfolio behaviour remains healthy.

The Bank also sponsors and supports initiatives and trade fairs to encourage the SME sector. The Bank has partnered with multiple agencies for knowledge-sharing events concerning marketing strategy, business development and technology under a programme called "Evolve" to enable capability development for SMEs. In fiscal 2017, this programme was implemented in 35 cities where more than 5,000 SMEs participated. The Bank also acknowledged the best performers in the SME segment by hosting the SME Awards called the "SME 100" in New Delhi.

Corporate Agriculture Lending

The RBI requires the Bank to lend 18 per cent. of its adjusted net bank credit of the previous year to the agricultural sector. In light of future business prospects in the Indian agricultural and related sectors, the Bank has identified agricultural lending as an area of potential growth.

The Bank re-organised the agricultural lending business and merged the non-retail portfolio of agricultural advances with the SME business, while retail portfolio was merged with the existing portfolio of retail loans. The Bank offers schemes for financing the agricultural value chain participants such as agro-processing units and agricultural service providers. In addition, the Bank has established relationships with various companies and cooperatives in the plantation, poultry and seed sectors to meet their project financing and working capital requirements.

The Bank's strategy in agricultural lending is based on a comprehensive view of the agricultural value chain, a focus on diversification, and partnerships with other companies in the agricultural sector, microfinance and other rural institutions and non-governmental organisations (NGOs) that have close links to the agricultural sector. The Bank has also devised a separate risk evaluation model for agricultural loans with an objective to measure and mitigate the risk involved in financing this sector. The Bank also utilises the services of business correspondents in select areas to expand its reach in areas unserved or underserved by the banking industry.

There has been considerable improvement in the rural infrastructure in select areas in India in recent years. The Bank's agricultural financing initiatives are largely focused on such regions where the need for credit has consequently increased. The Bank intends to develop its agricultural lending business by:

- offering suitable products to various members in the supply chain in the agriculture business (such as warehouses and cold storage units); and
- leveraging the Bank's technology platform to distribute its products and services conveniently and cost-effectively in rural areas.

For the year ended 31st March 2017, the SME segment, including corporate agriculture lending, recorded fee income of Rs. 414.80 crores, an increase of 27.11 per cent. from Rs. 387.70 crores in fiscal 2016.

The Bank's SME business segment emphasises relationship building and nurturing of entrepreneurial talents. Loans to SMEs (including corporate agriculture lending) increased by 9.59 per cent. from Rs. 44,869 crores as at 31st March 2016 to Rs. 49,172 crores as at 31st March 2017. The SME segment continues to focus on increasing fee income through non-fund-based advances.

Credit Selection Strategy and Pricing Policy

The credit selection strategy and pricing policy used in the SME segment, including the corporate agriculture segment, follow substantially the same procedures as those used for the corporate relationship segment. See "– Corporate Relationship Group – Credit Selection Strategy" and "–Corporate Relationship Group Banking – Pricing Policy".

C) Retail Banking

The Bank's retail strategy focuses on network expansion, product differentiation, customer segmentation, sales effectiveness and provision of quality customer service. To access a larger segment of India's population, the Bank has developed a wide network of fully interconnected retail branches, extension counters, ATMs, asset sales centres, an Internet banking channel, a call centre and mobile banking. The Bank's branches distribute liability accounts, debit cards, travel cards and remittance cards, and have POS terminal machines and depository services, and sell third party products such as mutual funds and savings bonds issued by the Government. The Bank's asset sales centres distribute retail credit products such as mortgage loans, personal loans, vehicle loans and educational loans. The Bank is focused on providing each customer with its choice of channel for transactions and products to meet its financial needs and quality service.

Retail Banking includes products and services in the following areas:

- Retail liabilities;
- Investment products;
- Retail lending (including retail agriculture lending) and payments; and
- Financial inclusion.

Retail Liabilities

The Bank's retail liability products include the following:

- Term Deposits. Tenure-based deposits of a fixed amount over a fixed term that accrue interest at a fixed rate and may be withdrawn before maturity in accordance with applicable rates.
- Recurring Deposits. Tenure-based periodic deposits of a fixed amount over a fixed term that accrue interest at a fixed rate and may be withdrawn before maturity in accordance with applicable rates by paying penalties.
- Savings Bank Accounts. Demand deposits from retail customers are interest-bearing and offer a withdrawal facility through cheque books and debit cards. While formerly set by the RBI, savings bank deposit interest rates have been deregulated since 25th October 2011. See "Supervision and Regulation".

In addition to the Bank's conventional deposit products, it offers a variety of special value-added products and services, thereby increasing product offerings and providing greater convenience for customers. The Bank is one of the largest private sector bank issuers of debit cards in India based on bank-wide ATM/POS/CARD statistics published by the RBI for March 2017.

Adopting a customer-centric segmentation strategy, the Bank offers differentiated liability products to various categories of customers depending on one or more factors such as age group, gender, income and occupation. While "Axis Burgundy" and "Axis Bank Priority" services cater to high-net-worth individuals, the "Savings Bank Easy Account" serves as an entry-level product to customers. The Bank has also introduced savings bank products tailored to youth, women,

senior citizens, trusts and NGOs. The Bank's payroll account scheme offers customised products for the employees of the armed services, corporations, Government and other public sector entities.

The following provides a discussion of the products and services of the Bank's retail liability business.

Prime Segment

The segment aims to offer prompt and easily accessible banking services through the Bank's network of 3,304 branches and extension counters, 14,163 ATMs, the Internet, the Bank's call centre, a mobile banking platform, debit cards with high withdrawal limits and the Bank's "At par Chequebook" facility. This segment offers customers products such as the "Easy Access Savings Account" (an entry-level savings account), "Prime Savings Account" (which has a Rs. 25,000 average quarterly balance requirement) and "Prime Plus Savings Account" (which has a Rs. 100,000 average quarterly balance requirement). As at 31st March 2017, deposits under the Prime segment increased to Rs. 38,618 crores, constituting 30.64 per cent. of the Bank's total savings bank deposits, as compared with Rs. 30,165 crores, constituting 28.51 per cent. of the Bank's total savings bank deposits, as at 31st March 2016.

Savings Bank Account for Trusts and NGOs

The Bank also has a savings bank product for the trusts, societies and NGO segment. The product provides banking solutions by leveraging the "Anywhere Banking" platform of the Bank, the at par Chequebook facility (which has no upper limit) and other value-added services. As at 31st March 2017, the segment accounted for Rs. 6,034 crores in deposits, constituting 4.79 per cent. of the total savings bank deposits of the Bank, as compared with Rs. 5,673 crores in deposits, constituting 5.36 per cent. of the total savings bank deposits of the Bank as at 31st March 2016.

Payroll Account Scheme

To offer complete banking solutions to salaried employees, the Bank has introduced a comprehensive payroll product consisting of differential privileges and offered on the basis of the net monthly salary of an employee. It allows the employer to manage salaries across various centres, with the employee benefiting from banking facilities including retail loans, a debit card and overdrafts, and privileges including concessional average balance requirements. As at 31st March 2016, the payroll product portfolio totalled Rs. 19,882 crores. The share of business against the overall savings portfolio was 34.42 per cent. in terms of number of accounts, and 18.79 per cent. in terms of month-end balances.

As at 31st March 2017, the payroll product portfolio totalled Rs. 25,191 crores. The share of business against the overall savings portfolio was 34.46 per cent. in terms of number of accounts, and 19.99 per cent. in terms of month-end balances.

Encash 24 Account

The Bank's Encash 24 account is a savings account linked to a time deposit product that offers the customer the liquidity of a savings account as well as the higher returns of a time deposit. This product provides a weekly automatic transfer of idle balances above a certain minimum amount from savings accounts to time deposits, resulting in higher yields for the customer. Whenever there is a shortfall in the customer's savings account, deposits are automatically transferred from the time deposit account to meet the shortfall.

Axis Bank Priority Programme

The "Priority" initiative targets the mass affluent customer segment and is structured to cater for their entire relationship with the Bank, with a specific focus on banking and investment needs. Priority offers personalised services, convenience, preferential pricing across various banking products and flexible eligibility criteria. Priority benefits include access to a relationship manager, Lifestyle and Dining Privileges, Relationship pricing over a range of products, a premium "Priority Platinum International Debit Card" with unlimited and free usage at any Visa ATM and other discounts and offers along with a 25 per cent. cash back on movie ticket bookings. As at 31st March 2017, the segment accounted for Rs. 27,170 crores in deposits, constituting 21.56 per cent. of the total savings bank deposits of the Bank.

Investment Products

Life Insurance

The Bank has a bancassurance tie-up agreement with Max Life Insurance for sales of life insurance products through the Bank's branches. The tie-up is in the nature of a corporate agency model under which the Bank's staff are licensed and responsible for selling the life insurance products.

For the year ended 31st March 2017, the Bank earned fee income of Rs. 558.20 crores from its Life Insurance business, which represented 12.07 per cent. growth from Rs. 498.10 crores in the year ended 31st March 2016.

Non-Life Insurance

As Corporate Agents of Tata AIG General Insurance Co. Ltd, the Bank offers general non-life insurance to its customers through its branch distribution network. Apart from standard products, such as motor or fire insurance products, the Bank also sells products such as health, personal accident and home insurance products.

In fiscal 2017, the non-life insurance business grew by over 38 per cent. compared with fiscal 2016, with over 0.04 crores policies amounting to Rs. 301 crores of premium.

Mutual Fund Sales

The Bank is one of the leading distributors of mutual funds in India. The Bank distributes mutual fund products of all major asset management companies in India to its clients. The Bank recommends suitable schemes to its clients based on the recommendations of its own in-house research team. Mutual fund products are sold through the Bank's branch distribution network based on client requirements. The Bank earns fee income in the form of up-front retention remuneration on the sale of mutual funds and transaction charges on the sale of mutual fund products.

The Bank earned fee income of Rs. 317.40 crores through the distribution of mutual fund products for the year ended 31st March 2017, which was an increase of 1.93 per cent. from Rs. 311.40 crores for the year ended 31st March 2016. A part of the Bank's regular business pursuits focus was also to ensure that the products reached new sets of customers.

Online Trading

The Bank offers online trading services in collaboration with Axis Securities Limited (ASL) (a wholly owned subsidiary of the Bank) under the name AxisDirect. AxisDirect, an online platform, offers a diverse range of products including equity, derivatives, initial public offerings, mutual funds, exchange traded funds, and non-convertible debentures, among others. AxisDirect, a three-in-one investment account with online and phone trading capabilities, is available to both residents and NRI customers. AxisDirect was launched in January 2011. AxisDirect added over 0.37 million customers in fiscal 2017.

Dematerialised Account (Demat Account)

The Bank is a registered depository participant of the National Securities Depositories Limited (NSDL) and the Central Depository Services (India) Limited (CDSL). The Bank began offering depository participant services in 1998 when it registered with NSDL. As on date the Bank offers depository participant services through more than 1,366 branches, serving more than 1.31 million dematerialised account (Demat Account) holders.

In accordance with SEBI circular (CIR/MRD/DP/20/2015) dated 11th December 2015 all Demat Accounts having less than 0.2 million were required to convert to basic Demat Accounts with effect from 1st April 2016. The annual maintenance fee for such accounts was reduced, which resulted in a decrease in the fee income of the Bank in fiscal 2017. The Bank earned a fee income of Rs. 25.01 crores (retail and corporate) from Demat Accounts in the year ended 31 March 2017, as compared with Rs. 33.70 crores (retail and corporate) earned in the year ended 31st March 2016.

Bullion Retail

Gold bars were introduced by the Bank in April 2007 and silver bars in March 2012. Both gold and silver bars are sold to retail and corporate customers under the brand "Mohur" through the Bank's branches. The Bank offers gold bars for sale in denominations ranging from 0.5 grammes to 100 grammes, and silver bars in denominations of 100 grammes. The gold and silver bars are of high levels of purity and are imported from Switzerland with assay certification.

During the year ended 31 March 2017, the Bank sold 2.61 kilogrammes of gold worth 0.83 crores and 27.80 kilogrammes of silver worth 0.16 crores through its 100 branches, earning a total commission of 0.04 crores.

Burgundy by Axis Bank

The Bank launched its most exclusive offering, 'Burgundy', to its high net income customers in September 2014. Burgundy brings solutions offered by various business groups within the Bank (including both retail and corporate divisions) under one integrated platform. It offers a dedicated Burgundy relationship manager backed by a team of experts, integrated wealth management solutions across all major asset classes, cards (debit cards, credit cards, multicurrency forex cards), lending and personal financial solutions, and customised business solutions. The assets under management of Burgundy customers as at 31st March 2017 was Rs. 69,488.00 crores as compared with Rs. 58,821.00 crores as at 31st March 2016.

Retail Lending (including Retail Agriculture Lending) & Payments

The growth of retail and consumer lending in India is a consequence of growing affluence and changing consumer behaviour. This growth is evidenced by the utilisation of credit for consumer asset acquisition. The Bank has identified this activity as one of its core growth areas. The Bank's focused marketing approach, product innovation, risk management systems and competent back-office processes contribute to the strength of the Bank's retail lending strategy. The target markets identified for retail loans are salaried or self-employed professionals and other self-employed individuals, HUFs, trusts, firms, private limited and public limited companies. The Small Business Banking

(SBB) division was formed as a separate vertical under the Retail Lending division in 2014 to specifically cater to the financing needs of MSME customers. The MSME customers are provided with secured and unsecured credit facilities in the form of fund-based as well non-fund-based limits under the SBB business.

During fiscal 2015, the Bank reorganised the agricultural lending business and merged the retail portion of agricultural advances with the existing portfolio of retail loans, while non-retail agricultural loans were merged with the SME segment. With the alignment of retail agricultural lending with retail lending, the Bank intends to service rural customers with all their financial needs as both agriculturists and customers. This strategy also allows the Bank to fully leverage its distribution network. The Bank offers a diverse range of templated products targeted at its agricultural loan customers, including the "Kisan Credit Card" (credit facilities extended to farmers for various requirements), loans for farmers against pledges of gold ornaments, a comprehensive scheme for warehouse receipt financing and cattle loans. As at 31st March 2017, the agriculture business of the Bank operated through 2,105 branches attached to 84 area offices, which facilitated the Bank's growth in the agricultural lending sector. In order to provide a strategic focus on agricultural lending, the Bank has adopted an area-centric approach to agricultural lending in areas the Bank considers agriculture-intensive and where a potential market exists for the Bank's agriculture finance. This initiative aims to help the Bank in scaling up its direct lending services.

The Bank offers a variety of retail credit products such as mortgage loans, automobile loans, commercial vehicle loans, personal loans, education loans, credit cards, loans against time deposits, loans against securities, small business banking loans and agriculture loans. The major components of the Bank's retail lending portfolio are home and mortgage finance, agriculture loans, personal loans and automobile finance. As at 31st March 2017, 2016 and 2015, the Bank's net retail loan portfolio was Rs. 1,67,993 crores, Rs. 1,38,521 crores and Rs. 1,11,932 crores, respectively, constituting 45.03 per cent., 40.89 per cent. and 39.82 per cent., respectively, of the Bank's net loan portfolio.

These loans are provided by the Bank directly through asset sales centres in metropolitan areas and major cities of India and through branches in cities where the Bank does not have an asset sales centre. The asset sales centres serve as the focal point for marketing, distribution and servicing of retail loan products.

Retail Loan Portfolio by Category

The Bank's retail loan portfolio consists of schematic and non-schematic loans. As at 31st March 2017, the portfolio mainly consists of automobile loans (comprising 10.11 per cent.), mortgage loans (comprising 52.31 per cent.), personal loans (comprising 8.28 per cent.), gold loans (comprising 0.63 per cent.), agriculture loans (comprising 15.92 per cent.), and non-schematic loans (i.e. credit cards, loans against deposits and loans against securities) (comprising 12.45 per cent.).

The Bank's home and mortgage finance business involves extending long-term secured housing and commercial property loans to individuals and companies. As on date these loans are being offered for the purchase, construction and extension of residential and commercial premises. As at 31st March 2017, the Bank's total home and mortgage finance portfolio, which predominantly comprised floating rate loans, totalled Rs. 87,873 crores, representing 52 per cent. of the Bank's total retail asset portfolio. As at 31st March 2016, this portfolio totalled Rs. 73,739 crores, representing 53 per cent. of the Bank's total retail asset portfolio. Automobile finance, which includes financing four-wheelers, commercial vehicles, and construction equipment, involves providing consumer credit for an average period of three to five years to acquire a new or used vehicle. Automobile loans are secured by a lien on the purchased asset. As at 31st March 2017, the automobile loan portfolio totalled Rs. 16,988 crores representing 10 per cent. of its total retail asset portfolio. As at 31st March 2016, the Bank's total automobile finance portfolio of Rs. 12,376 crores represented 9 per cent. of its total retail asset portfolio. The Bank has developed relationships with several established non-banking financial companies (NBFCs) in India, providing both direct automobile finance (to individual borrowers) as well as indirect automobile finance (portfolio buy-outs). Personal loans are unsecured loans provided to customers for various purposes, such as medical expenses and social obligations, and are generally repayable over four years. As at 31st March 2017, the Bank's personal loan portfolio totalled Rs. 13,909 crores, which represented 8 per cent. of its total retail asset portfolio, as compared with Rs. 11,221 crores, representing 8 per cent. of its total retail asset portfolio as at 31st March 2016.

Credit Evaluation: Retail Loans

All prospective borrowers are granted loans only if they pass the credit evaluation process. The Bank has detailed product lending parameters and devised a credit-scoring sheet for all major products. For a loan to be approved, a minimum cut-off score must be achieved by a borrower. This credit rating mechanism is periodically updated and reviewed. The Bank has devised a separate risk evaluation model for agricultural loans with an objective to measure and mitigate the risk involved in financing this sector.

Merchant acquiring

The Bank launched its merchant acquiring business in December 2003 and it has emerged as one of the largest merchant acquirers in the country based on bank-wide ATM/POS/CARD statistics as published by the RBI for March 2017. Under its merchant acquiring business, the Bank focuses on strengthening its relationship with its merchant partners to open up avenues of cross-selling the Bank's transactional products. The Bank has processed card transactions amounting to Rs. 39,249 crores in fiscal 2016 and Rs. 67,822 crores in fiscal 2017. The Bank generated

total revenue of Rs. 129.13 crores in the year ended 31st March 2016 and Rs. 96.58 crores in the year ended 31st March 2017 from its merchant acquiring business.

Other Products and Services

Other products and services offered by the retail banking segment include debit cards, meal cards, gift cards, rewards cards, remittance cards, payroll cards, annuity cards (co-branded with LIC), credit cards, card acceptance services and loans against gold.

Retail Banking – Fee Income

Fee income is generated from ATM interchange transactions, cards, safe deposit lockers, service charges on deposit transactions, processing fees from retail loans as well as fees earned from third party product sales. Fee income from retail banking activities amounted to Rs. 3481.00 crores in the year ended 31st March 2017, as compared with Rs. 3026.80 crores in the year ended 31st March 2016.

International Retail

In order to have an integrated NRI strategy for the Bank to capture the remittances and NRI business, while continuing to maintain a specific focus on providing a comprehensive forex solution to retail customers, the Bank in fiscal 2012 created a group called "International Retail". With the realignment of NRI business with Retail Banking in fiscal 2015, International Retail now provides services to business customers related to Retail Forex and Remittances and Overseas Retail (retail businesses in countries such as Hong Kong, Sri Lanka, United Kingdom etc., where the Bank has a presence).

Non-Resident Products and Services

The Bank offers a comprehensive suite of banking and investment products to the overseas Indian diaspora under the umbrella brand "NRI Services". The product suite ranges from basic products like "demand and term deposits" to private banking solutions for sophisticated and high-net-worth customers.

Key products include non-resident (external) (NRE) and non-resident ordinary (NRO) savings and term deposits, foreign currency non-resident (FCNR) (B) fixed deposits, resident foreign currency (RFC) accounts for returning NRIs and a host of investment products such as life and general insurance, mutual funds and bonds, as permitted by the relevant regulators. The Bank also offers loan and overdraft facilities to NRI customers against their term deposits with the Bank.

The Bank's aggregate NRI deposits (savings and term deposits) amounted to Rs. 34,076 crores as at 31st March 2017, registering a year-on-year growth of 14 per cent.

The Bank offers 'Portfolio Investment Scheme' (PIS) services across all its branches. All branches are authorised to issue PIS permissions to NRIs/PIOs who want to trade in the Indian secondary markets through a registered stockbroker on a recognised exchange.

The Bank has a strong focus on customer service and provides a 24x7 integrated helpdesk for NRI customers with the facility of toll-free numbers from key locations.

Retail Remittances

The Bank provides multiple inward remittance solutions to customers based on the target customer profile and the geography.

AxisRemit Online and Remit Money are the Bank's online remittance platforms, which are available to NRI customers in the United States of America, United Kingdom, Canada, Australia, Singapore, Switzerland, South Africa, Hong Kong and the UAE. Customers can log on to the platform and remit money from their overseas bank account to any bank account in India.

The Bank has also partnered with 56 exchange houses across the globe and with 48 partner banks overseas to route the remittance payments of their customers to any bank account in India. AxisRemit Direct is the Bank's alliance management platform offered to many such partner banks and foreign exchange houses for managing their remittances to India.

The Bank also offers its customers the facility to send SWIFT-enabled remittances from their overseas bank accounts to their accounts with the Bank. The Bank facilitates these remittances directly in 40 currencies through its Nostro accounts and with specific arrangements with overseas correspondent banks. Additionally, through its Nostro accounts, the Bank also supports foreign currency cheque/draft clearing for its customers.

With its focused approach on retail remittances, the Bank processed a total of U.S.\$7.4 billion in remittances during fiscal 2017.

Retail Forex

The products offered under the Retail Forex segment include travel currency cards, outward wire transfers, travellers cheques and currency notes.

The Bank pioneered the introduction of its travel currency card in September 2003 and has continued to maintain its market leading position in travel currency card product offerings with a sales volume of U.S.\$1.4 billion in fiscal 2017. The Bank continues to enhance the MultiCurrency Forex Card product introduced in fiscal 2015 that enables customers travelling to different countries to load up to 16 currencies on a single card. The Bank continues to hold a leading position among all banks in the business of travel currency cards, with a 44 per cent. market share as at 31st March 2017 according to information obtained from MasterCard and Visa. As at 31st March 2017, the total value spent by customers through the Bank's travel currency cards had exceeded U.S.\$5.5 billion, while the total value of money loaded onto the Bank's travel currency cards had exceeded U.S.\$8.2 billion.

In fiscal 2016, the Bank introduced an online platform, www.axisforexonline.com, for all types of Retail Forex services such as Outward Remittances, Forex Cards and Foreign Currency Cash. With this focused approach on retail foreign exchange, a volume of U.S.\$4.8 billion was processed by the Bank as remittances as at 31st March 2017.

Overseas Retail

The Bank's international retail segment now provides services to business customers in areas of retail forex and remittances and overseas retail, among others, in countries such as Hong Kong, Sri Lanka and the United Kingdom.

The Bank has focused on driving retail business initiatives in countries outside India where it already had operations in order to leverage its existing infrastructure in such countries and increase its overall retail liabilities and fee income. As on date, the Bank is permitted to carry out retail banking business through overseas branches in Colombo, Sri Lanka and Hong Kong and through its subsidiary in United Kingdom, which began banking operations in April 2013.

As on date the Bank's Colombo and Hong Kong branches offer liability deposits, including savings, current and term accounts. Retail deposits of U.S.\$303.08 million were booked in the overseas branches as at 31st March 2017. Additionally, remittances from the Bank's overseas offices in Hong Kong, Sri Lanka, Shanghai and the United Kingdom during fiscal 2017 amounted to U.S.\$46.47 million.

Financial Inclusion

The Bank regards the financial inclusion sector not only as a regulatory requirement or a corporate social responsibility initiative but also as a strategic opportunity to expand its reach into the unbanked rural market and underserved segments of the urban market. As at 31st March 2017, the Bank had opened approximately 1.46 million accounts and covered 2,321 villages and had a wide network of over 16,616 customer service points with more than 14,833 such outlets in urban locations. As on date the Bank is equipped to handle interoperable transactions on Aadhaar Enabled Payment System (AEPS), an electronic system in India that enables financial transactions based on customers' Government-issued identification numbers. This in turn has empowered the Aadhaar enabled customers of the Bank to transact at other banks' Aadhaar enabled business correspondent outlets and vice versa. During fiscal 2017, the Bank had processed nearly 0.84 million AEPS payments amounting to Rs. 208.90 crores. With respect to its remittance business, the Bank has tied up with several BCs and has processed more than Rs. 5500 crores worth of remittances during fiscal 2017.

Priority Sector Lending

Commercial banks in India are required by the RBI to lend 40 per cent. of their adjusted net bank credit of the previous year to specified sectors known as "priority sectors", subject to certain exemptions permitted by the RBI from time to time. Priority sector advances include loans to the agriculture sector, micro & small enterprises, financial inclusion sector, microfinance loans, loans to certain sectors deemed "weaker" by the RBI, housing and education finance up to certain ceilings, purchase of eligible assets and investments in eligible securitised assets. Deposits with NABARD on account of shortfall in priority sector business targets are eligible for priority sector lending (PSL). The Bank is required to comply with the priority sector lending requirements. See "Selected Statistical Information — Funding — Directed Lending".

D) Transaction Business Banking

The Transaction Business Banking group (TxB) was formed in April 2015 to provide effective service to the Bank's customers and to offer efficient client management and product solutions. The TxB department provides integrated products and services to customers in areas of current accounts, cash management services, capital market services, trade, foreign exchange and derivatives. In addition to transaction banking services to corporate customers, the TxB group also provides current accounts, savings accounts to Government and state government agencies also in addition to providing retail customers with their forex requirements such as forex cards and wire transfers. As at 31st March 2017, the Bank had 1.7 million current account relationships in its business banking segment.

The Bank focuses on procuring low cost funds by offering a range of current account products and transactional banking solutions across all business segments such as corporates, institutions, central and State Governments and small and retail business customers. The Bank's current account products provide flexibility to its customers to choose from a range of products depending on their average balance requirements. In addition to traditional channels such as the

Bank's branches and ATMs, customers can access and conduct transactions through the Bank's Internet banking platform. Customers can also access their account information through the phone banking and mobile banking facilities offered by the Bank.

The Bank provides end-to-end cash management solutions by combining efficient collections and disbursements products, backed by state-of-the-art systems to ensure customised delivery. The Bank offers cash management services such as collection, payment and remittance services with a focus on improving clients' cash flows. In the cash management services business, the Bank focuses on offering customised services to its customers to cater to specific corporate requirements and improve the existing product line to offer enhanced features to the customers. These solutions leverage the Bank's growing branch network and robust technology to provide an ideal blend of structured monthly information systems and faster fund movement, so that customers are able to enhance their fund management capabilities. Cash management products include local and remote collections, local and remote payments through customer cheques and bulk demand draft, electronic clearing services, disbursement of dividend and interest and Internet-based payment products along with a customised management information system (MIS). The Bank is also focusing on host-to-host integration for both collections and payments, such as IT integration between corporates and the Bank for seamless transactions and information flow. The Bank provides comprehensive structured MIS reports on a daily or monthly basis or as required by clients for better accounting and reporting. Cash management services are not only emerging as an important source of fee income but are also contributing significantly towards mobilising zero-cost funds and building strong client relationships.

Under the custodial business segment, the Bank offers a full range of custodial services for primary and secondary market operations involving debt, equity and money market instruments. The Bank is approaching insurance companies, mutual funds, foreign corporate entities, foreign venture capital investors and foreign institutional investors to further market these services.

Under the trade, forex and derivative business segment, the Bank offers complete trade finance and foreign exchange business solutions through its branches across the country. The Bank also provides structured hedging solutions to all client segments of the Bank. The derivatives team is responsible for providing a variety of hedging solutions, such as exchange and interest rate derivative structures, including options and swaps in accordance with the derivative policy of the Bank. The Bank also has a team of experts stationed at its central office who serve a co-ordinating role for the Bank's branches and business departments which need advice on regulations governing trade and forex business.

As at 31st March 2017, the Bank had 3,304 branches spread across India and, in addition, offered services through arrangements with reputable correspondent banks. These arrangements help to respond to increasing customer demand and offer a broader distribution network. As a result of these correspondent banking relationships, cash management services are provided at multiple locations in India, with a capability of extending the network to other remote locations depending on need. The Bank also offers its services to other private and foreign banks as a correspondent bank. Its dedicated services desk, the Centralised Collection and Payment Hub, ensures that the clients' collection and payment activities are executed within minimum transit time thereby reducing interest cost and improving clients' liquidity.

The Transaction Banking Department is divided into the Sales Group, Products and Solutions Group and Customer Services Group.

Sales Group: This team focuses on driving sales across all customer segments, primarily of transaction banking products. The Sales Group is further organised by customer segment, namely (a) Corporate and Financial Institutions, (b) Branch Banking, and (c) Government Business.

(a) Corporate and Financial Institution Group (Corp and FI Segment): This team primarily services the large and medium-sized corporates and financial institutions.

(b) The Branch Banking team (BAG Segment): This team focuses on leveraging the branch network and meeting the transaction banking requirements of clients with a primary sales focus on SMEs, corporate agricultural and emerging enterprises group clients.

(c) The Government Business team (GB Segment): This team is responsible for providing transaction banking services to various Government ministries and departments and union territories.

Products and Solutions Group: This team is responsible for improving customer experience and supporting the sales teams in client or product pitches. This includes separate teams for key transaction banking products and solutions in areas such as current account, cash management services (CMS), trade, forex and derivatives, tax and Government products as well as teams for managing portfolios and analytics. The group has product specialists in CMS, trade, forex and derivatives across regions to disseminate product knowledge and best practices to the relationship managers. Custody, corporate account and capital market services also form part of this group.

Customer Service Group: This team is responsible for servicing customers at branches for primarily trade, forex and CMS. The team has been formed by restructuring the existing field and branch staff from the Trade Finance Centre, trade and foreign exchange operations (excluding Trade Finance Centre), GTSD service relationship managers, trade service group and Government business nodal officers.

Government Business

The Bank was the first private sector bank to be authorised by the Government and RBI for the collection of commercial taxes in Andhra Pradesh. The Bank is authorised by the RBI and the Government by its letter DGBA.GAD.No. 218/42.01.001/2003-04 dated 27th August 2003 to handle all Government banking transactions which including the following:

- collection of sales tax, pension payments on behalf of the state government;
- collection of direct and indirect taxes;
- disbursement of central civil as well as non-civil (including the railways, defence, telecommunication and posts) pensions; and
- processing payments on behalf of various ministries and Government departments.

Smart City Initiative

The Smart City programme aims to upgrade basic infrastructure by using smart solutions and area based development. It seeks to use smart solutions to enhance the quality of services, improve the quality of life, provide a clean and sustainable environment and serve as an example for replication and create similar smart cities.

As a part of this initiative, the Bank has approached the municipalities of various cities in order to provide a comprehensive solution, for specialised products, banking services and consultancy services.

Public Financial Management System

The Bank is a participating entity in the Government's Public Financial Management System (PFMS). PFMS is a financial management system of the Planning Commission of India which is being implemented by the Office of the Controller General of Accounts, Ministry of Finance, in partnership with NIC Technology, Inc. PFMS monitors different social sector programmes in India and tracks the disbursement of funds in relation to such programmes, using an online management information system and decision support system. PFMS has been used to administer approximately 174 Centrally Sponsored Schemes, more than 875 Central Sector Schemes, and several State Government programmes and "Additional Central Assistance" programmes of the Government.

E-Governance Initiatives

The Government and State Governments have undertaken e-Governance initiatives aimed at providing better citizen services by setting up integrated Citizen Facilitation Centres. The Bank is proactively seeking opportunities to participate in e-Governance initiatives and associated with the e-Governance initiatives of five states and union territories, namely Andhra Pradesh (e-Seva), Karnataka (Bengaluru One and Hubli-Dharwad One), Chandigarh UT (Sampark), Chhattisgarh (CHOICE), Uttar Pradesh (e-Suvidha).

The total Government business turnover handled by the Bank for the year ended 31st March 2017 was Rs. 1.25 trillion.

As at 31st March 2017, the current accounts balance with the Bank was Rs. 87,002 crores compared with Rs. 63,652 crores as at 31st March 2016. For the year ended 31st March 2017, the current accounts balance on a daily average basis was Rs. 48000 compared with Rs. 40140 crores for the year ended 31st March 2016. In line with the Bank's vision to provide complete financial solutions, there was a greater focus on acquisition of high value current account customers in fiscal 2017. The total number of current accounts with the Bank as at 31st March 2017 was 1.7 million.

For the year ended 31st March 2017, the average daily balance and fee earned from current accounts availing cash management services (collections and payments) by the Bank was Rs. 11677 crores and Rs. 170 crores, respectively.

As at 31st March 2017, the Bank maintained assets worth Rs. 35700 crores across 46 institutional clients under its custodial business. The Bank provided depository participant services to 3,763 corporate and broker clients as at 31st March 2017 as compared to 3,545 accounts as at 31st March 2016. The net income earned from the custodial services and corporate demat business during fiscal 2017 was 7.36 crores. The clients using custody services maintained an average balance of more than Rs.84 crores during fiscal 2017 in their maintained current accounts.

International Retail

The Bank offers a range of forex and remittance products to its retail customers, which include forex cards, inward and outward wire transfers, traveller's cheques and foreign currency notes, remittance facilities through an online portal as well as through correspondent banks and exchange houses. Furthermore, the Bank offers a remittances facility to NRI customers through the Bank's Sri Lanka branch and subsidiary Axis Bank UK Ltd., for remittances to India. Additionally, the Bank offers remittances from the Gulf Co-operation Council (GCC) region to Sri Lanka through tie-up with four exchange houses.

In fiscal 2017, the Bank also continued to have a market leadership position in forex cards with 16 currency options other than INR being offered. Furthermore, the Bank offers the "Miles and More Multi-Currency" forex card in association with Lufthansa airline aimed at frequent flyers, which is an industry first in this segment. The aggregate value of forex cards was over U.S.\$8 billion during fiscal 2017.

The Bank also introduced a commercial forex card to address foreign currency payment needs of corporates and tour operators. This card acts as a substitute to the traditional payment mechanisms of wire transfers, foreign currency demand drafts and brings efficiency to the entire payment processing system along with providing customers with the convenience of making payments online.

The Bank was the first in India to connect with Earthport's global payment network, which spans over 60 countries. This tie-up enables the Bank to offer faster outward remittances with value added features, such as transparency in charges and reduction of transfer time of transactions. The volumes of retail remittances also rose by 49 per cent. during fiscal 2017 and the Bank processed outward remittances of U.S.\$4.84 billion and inward remittances of U.S.\$7.43 billion in the same period.

Treasury

The Treasury manages the funding position of the Bank and also manages and maintains its regulatory reserve requirements. As part of liquidity management, the department invests in sovereign and corporate debt instruments, commercial paper, mutual funds and floating rate instruments. The department also undertakes proprietary trading in equity, fixed income securities, foreign exchange, currency futures and options. Apart from proprietary trading, the department also offers a wide range of treasury products and services to customers, including derivative instruments such as forward contracts, interest rate swaps, currency swaps, foreign currency options and remittances.

Funding and Asset Liability Management

The Treasury manages short-term liquidity through short-term borrowings such as overnight inter-bank borrowings, collateralised borrowing and lending obligations (CBLO), repo, re-discounting bills and through other money market operations. The Bank raises foreign currency borrowings from local banks and foreign counterparties. The Bank also raises retail foreign currency deposits from NRIs at rates regulated by the RBI.

The Treasury ensures day-to-day funding for branch operations and asset build-up. Since the CRR balances earn no interest from the RBI, the funding desk also ensures that only optimal CRR balances are maintained and that additional surpluses are deployed in the form of short-term investments in commercial paper, certificates of deposit (CDs) or debt schemes of mutual funds.

The Treasury measures and monitors the spreads of the Bank. Yields on assets and cost of funds are monitored on an ongoing basis. Maturity profiles of new deposits are adjusted to ensure that the Bank reaches its targeted spreads and that its liquidity profile remains comfortable.

The asset liability management group considers suitable hedging options for items on the balance sheet at appropriate times to protect or increase the Bank's spreads.

Trading Operations

The Treasury manages integrated trading operations in foreign exchange and domestic money markets. It is responsible for maintaining regulatory reserves and using the trading portfolio to earn profits through exchange income and capital gains.

The investment policy is designed to address the following:

- compliance with regulatory requirements;
- guidelines for taking exposure in various debt instruments; and
- risk mitigation.

The Treasury maintains the RBI-mandated SLR requirements in the form of investments in Government bonds and treasury bills. This portfolio is actively managed and churned and, depending on an internal view of interest rates, surpluses are maintained in the trading book. The Treasury uses these surpluses to take advantage of favourable movements in interest rates to book capital gains on the investment book. In accordance with the RBI guidelines, investments are categorised as "Held for Trading", "Available for Sale" and "Held to Maturity".

The size of the Bank's equity portfolio is restricted by a ceiling imposed by the RBI on the capital market exposure of banks to 40 per cent. of their net worth as at 31st March of the previous year. The Bank's aggregate limit for exposure to the capital markets for fiscal 2017 was Rs. 20482 crores (40 per cent. of its net worth as at 31st March 2016, as adjusted for subsequent capital injection). The Bank's exposure to the capital markets (as defined by the RBI) as at 31 March 2017 was Rs. 12273 crores.

In general, the Bank pursues a strategy of active management of its equity portfolio to maximise its return on investments. To ensure compliance with insider trading regulations of the Securities and Exchange Board of India (SEBI), all dealings in equity investments in listed companies are undertaken by the equity-trading desk, which is securely segregated from the Bank's other business groups.

The Treasury also offers investment options to retail and institutional investors and servicing support through all branches of the Bank. In this regard, the Bank facilitates the holding of Government securities. Commission and trading profits are earned through these transactions.

Foreign Exchange and Derivatives

The trading desk deals in several major currencies and manages the Bank's exposure through foreign exchange and money market instruments and derivatives within the guidelines and limits stipulated by the RBI and management. Appropriate internal limits for counterparty and currency exposure are in place. The Bank is a market maker in the spot and forward exchange markets, swaps and options.

The Bank offers both off-the-shelf and specifically structured products to its customers to meet funding and risk management requirements in foreign currencies.

The Bank offers forward contracts to customers to hedge against exchange risk on foreign currency receivables and payables, usually of up to one year. The Bank also acts as market maker in interest rate and currency swaps for proprietary trading and customer hedging. Commission and exchange income is earned from such transactions. Foreign exchange and derivative trading income increased from Rs. 1275.07 crores for the year ended 31st March 2016 to Rs. 4254.04 crores for the year ended 31st March 2017.

Financial Institutions Group

Financial Institutions Group comprises Global Financial Institutions Division and the Syndication Division.

Global Financial Institutions Division (GFID)

The GFID is a coverage team within the Financial Institutions Group, in the Bank. They develop and maintain strategic business relationships with Banks and Financial Institutions (FIs) across the globe to build a network of CBs and FIs that support the trade and cross-border business of the Bank and its customers. The GFID also holds primary responsibility for developing a funding base and for increasing the coverage income from various other products offered across the Bank.

The GFID consists of the following subgroups:

- International Financial Institutions Relations Group;
- Domestic Financial Institutions Relations Group;
- Correspondent Banking & Payments Group;
- Financial Institutions Credit Group; and
- Financial Institutions Trade Sales Group.

The International FI Relations Group is responsible for establishing new FI relationships and maintaining existing relationships with financial institutions across the globe. The Domestic FI Relations Group is in charge of relationships with domestic banks and FIs. Both the relationship groups hold the primary responsibility for achieving business goals and catering to the specific requirements of the FI segment, while driving the overall coverage opportunities for the Bank.

The Correspondent Banking & Payments Group is responsible for facilitating inter-Bank business by leveraging relationships maintained by the FI Relations Group. This group also facilitates the opening, maintenance and review of nostro and vostro accounts, and develops new products and solutions in the payment space in accordance with market demands and needs of the customers.

The FI Trade Sales Group caters to the Bank's corporate and SME customers with a range of FI Trade products amongst others like the buyers' credit and suppliers' credit, performance guarantee, advance payment guarantee and bid bond guarantee. This group also actively buys and sells FI trade assets and is also responsible for buying and selling of FI loans in the secondary market.

The FI Credit Group manages the FI asset portfolio and is responsible for appraisal, review and management of counterparty bank limits. In carrying out these tasks, this group works within the broader policy of the Bank's Risk Management Department. The group is also responsible for growing the FI credit business through primary FI loans and funding to customers against SBLC of the Bank's partner banks.

The GFID has achieved significant milestones over the last few years and is a consistent contributor to the profitability of the Bank. The GFID has built a sound network of over 1,000 partner banks across the globe, to provide a holistic solution for the global banking needs of the Bank's customers. Furthermore, the GFID is also responsible for forging strategic alliances with banks in various key geographies, with the intention of being their preferred partners in India for retail and corporate banking customers.

Syndication

The Syndication division of the Bank leads the Bank's corporate loan underwriting and distribution business. The primary focus of this group is to identify underwriting opportunities in both onshore and offshore markets and to undertake distribution of the underwritten transactions.

The Bank has developed strong relationships with investors and issuers, including other banks, financial institutions and foreign institutional investors. The Bank is a leading player in the loan syndication market in India and offers solutions across various asset classes including but not limited to in areas of project finance, mergers and acquisition, asset backed and corporate loans.

The Bank is active in the domestic debt market and syndicated approximately Rs. 24160 crores domestically and approximately U.S.\$1.12 billion in the international market during the year ended 31 March 2017. During the year ended 31 March 2016, the Bank syndicated approximately Rs. 22613 crores domestically and approximately U.S.\$1.93 billion in the international market. As on date, the Bank has a market share of 18 per cent. and has been ranked number two in the Bloomberg league table for Indian borrower loans book runner for the year 2016.

Debt Capital Markets (DCM)

The Bank continues to remain a dominant player in the debt capital market segment. In fiscal 2017, the Bank arranged Rs. 199620 crores bonds and debentures for various PSUs and corporates. The Bank has been ranked number one in the Bloomberg league table for domestic bonds in India for ten consecutive calendar years (as at 2016) and for the quarter ended 31st March 2017. The Bank has also been ranked the number one arranger as per PRIME Database for the nine months ended December 2016.

Furthermore, the Bank started an international debt capital markets business and has been a leader in this segment covering U.S.\$ and EUR-denominated bonds, masala bonds and green bonds among others. The Bank became the first Indian entity to issue internationally listed certified dollar denominated green bonds in June 2016. The Bank was also the lead manager in the very first masala bond issued by one of the leading housing finance companies and in relation to the first green masala bond issued by one of the major public sector utility companies.

During fiscal 2017, the Bank was awarded "India Bond House" award by IFRAsia, "Best DCM House – India" award by Finance Asia, "Best Domestic Debt House – India" award by Asiamoney and the "Best Domestic Bond House in India" by Finance Asia. The Bank was also named as "Top Bank in Corporate Bonds, India, Rank 1" and "Investors' Choice for Primary Issues in Corporate Bonds, India" by Asset Benchmark Research.

While the Bank continues to handle the debt syndication activities described above, the investment banking activities relating to equity capital markets, mergers and acquisitions, and private equity advisory business are now conducted by the Bank's wholly owned subsidiary, Axis Capital Limited.

Delivery Channels

The Bank distributes its products and services through various access points ranging from traditional bank branches to ATMs, call centres for telephonic banking, mobile banking and the Internet. The Bank's channel migration effort is aimed at reducing costs while enhancing customer satisfaction levels by providing customers access to their accounts at all times.

Branch Network

As at 31st March 2017, the Bank had a network of 3,295 branches, 394 central processing centres, 13 service branches, nine extension counters and 14,163 ATMs covering 1,946 centres across India. The Bank undertakes a detailed study of the demographic factors of an area to assess its business potential before setting up a branch. Branch premises are generally leased. Back-office operations are centralised at a central processing unit in Mumbai, allowing the Bank's branch network to focus on business acquisition and expanding customer relationships.

Overseas Operations

India's growing integration with the global economy has given rise to opportunities to leverage the Bank's strengths in overseas markets. In order to participate in the growing trade and investment flows between India and other major financial centres of Asia, the Bank has established branches in Singapore, Hong Kong, the Dubai International Financial Centre (DIFC) in the UAE, Shanghai in China, Colombo in Sri Lanka, representative offices in Dubai and Abu Dhabi in the UAE, and Dhaka in Bangladesh. The total assets at the Bank's overseas branches amounted to ₹542.53 billion, which constituted 9 per cent. of the Bank's total assets as at 31st March 2017.

The Bank also has a wholly owned subsidiary in the United Kingdom called Axis Bank UK Limited (ABUK), which is authorised by the Prudential Regulatory Authority (PRA) and regulated by the FCA and the Prudential Regulatory Authority. The PRA is responsible for prudential regulation and supervision of banks, building societies, credit unions and major investment firms. The FCA regulates the conduct of firms that provide financial products and services. The UK subsidiary commenced banking operations on 19th April 2013. The total assets of ABUK stood at U.S.\$823.22 million as at 31st March 2017.

ATMs

The Bank has one of the largest ATM networks among private sector banks in India, with 14,163 ATMs installed as at 31st March 2017. The Bank believes it was among the first banks to use the concept of ATM deployment in India via independent ATM deployers. Furthermore most of the Bank's ATMs are managed by independent ATM deployers under a total outsource model.

The Bank's ATM network spans the country, with approximately 77 per cent. of its ATM units located in offsite locations in and around commercial areas, markets, residential and corporate locations, railway and metro stations, airports, petrol pumps and other high-traffic areas. Almost all major cards are accepted at the Bank's ATMs. In view of the diversity of regional languages used in various parts of India, the Bank's ATMs offer multilingual screens in 12 languages. In addition to basic ATM services, the Bank offers various other value-added services through its ATMs, such as fund transfer, mobile recharging, bill payments, and insurance payments.

Internet Banking Services

The Bank offers Internet banking services to its customers through its website. A complete range of online services is offered to customers, including online, real-time access to their accounts, fixed deposits, online fund transfer to accounts at the Bank as well as at other banks, bill payments and placement of requests for demand drafts, cheque books and other services. In addition, the Bank offers an online direct debit facility to customers for purchase of products and services through a host of online merchants in the e-commerce space. The Bank has also launched the Instant Money Transfer service, a payment service wherein beneficiaries can withdraw money without using a card. Considering the emphasis on increasing acquisitions through Internet banking, the Bank launched instant credit card, instant personal loan, insurance policy purchase, mutual funds buy and sell and book locker functionalities during fiscal 2016. As at 31st March 2017, over 4.9 million savings account customers of the Bank were registered for Internet banking facilities.

Mobile Banking

The Bank's mobile banking channel has emerged as a convenient option for customers to access information on their accounts, transfer funds and make payments. Through the Axis mobile application, customers can use their account with the Bank to make bill payments, transfer funds, recharge prepaid mobile phones, create and liquidate deposits, log requests for cheque books, stop cheques and change PINs via mobile phone. Customers can also make payments to merchants via mobile phones. Furthermore, the Bank has been a pioneer in launching remittance services like the InterBank Mobile Payment Service for account to account transfers and merchant payments.

The first of its kind in India, Axis Mobile offers a high level of personalisation, allowing users to customise their mobile banking experience. The application is available for all retail savings, select current account, NRI savings account and credit card customers. The Bank also launched the application called "Lime Wallet" as part of its Axis Mobile banking experience, by which even non-customers of the Bank could download the application and sign up to use the "Lime Wallet" facility.

SMS banking has become the second most frequently used alternative delivery channel of the Bank. The total number of subscribers as at 31st March 2017 was approximately 20.53 million for SMS alerts and approximately 4.3 million for Axis Mobile. The usage of the Bank's mobile banking application increased from 16 per cent. in fiscal 2016 to over 22 per cent. in fiscal 2017.

Online Bill Payment

The Bank has also entered into arrangements with several telecommunications companies, utility providers, insurance companies, Internet shopping portals and various merchant groups, in addition to aggregators, to enable online payment of bills for its Internet banking customers and credit card customers. The Bank generates revenue from these services either by a per-transaction fee or a variable fee based on the value of the transaction.

Sales Channel

The Bank employs a frontline sales force for its liability products. The sales force, which sells a variety of liability products, as at 31st March 2017, contributes approximately 61 per cent. of demand deposits from new acquisitions and approximately 96 per cent. of the total number of account acquisitions of the Bank and is a critical resource in the Bank's aggressive customer acquisition strategy. The sales force also sources fee generating third party products along with a wide range of asset products. This sales force comprised over 14,200 employees as at 31st March 2017 and operates on a performance-based remuneration package. Members of the sales channel are based at all branches and extension counters, and their performance is monitored by the Bank's administrative units that control clusters of branches (Circles), as well as the Bank's corporate office. As at 31st March 2017, the Bank had 24 Circles.

Operations

The Bank's business model separates production and distribution functions within the Bank, with transaction processing and customer databases (production technology) becoming increasingly centralised and product sales and customer handling (distribution technology) being the primary function at the branches. The separation of functions has helped reduce transaction costs as well as to help ensure smoothness in operations and increased productivity. Refinement of operational processes is an ongoing activity from the perspective of implementation of best practices, risk identification and containment. Correspondingly, operational instructions are also revisited on an ongoing basis and necessary changes made to minimise risks at the branches.

Branch Banking Process Assurance Group

The Branch Banking Process Assurance Group (BBPAG) division of the Bank provides the strategic underpinning to support delivery of best-in-class customer service at branches through the leveraging of technology, knowledge and skills.

All of the branches of the Bank are grouped into Circles and have a close working relationships with the BBPAG teams at the Circles, who provide assistance to branches and extend support to all functions and businesses that operate in the branch.

The oversight function of the Bank is strengthened through the centralised monitoring of retail branch operations with focus on KYC and anti-money laundering (AML) and other statutory and regulatory directives, management of clearing operations and internal house keeping with the objective of ensuring compliance and operational efficiencies while delivering operational efficiency and customer service.

The Bank has been appointed a primary clearing house for certain locations and also provides business continuity solutions in times of disasters via clearing house operations at specified locations. A global help desk with a built-in escalation matrix has also been set up to provide online solutions to branches for immediate resolution of customer queries and complaints.

The Bank provides its employees with on-the-job skills enhancement training and assessments, supplemented by formal interactive classroom sessions with the BBPAG functionaries. The Bank also disseminates knowledge via circular guidelines and periodic bulletins.

Through constant refinement of operational processes during the year from the perspective of implementation of best practices, risk identification and containment BBPAG continues to streamline and standardise processes to facilitate seamless delivery of customer service, ensuring regulatory compliance.

Wholesale Banking Operations

Wholesale Banking Operations is responsible for providing best-in-class services to non-retail customers of the Bank through four vertical operations: Corporate Banking Operations, Treasury Operations, Transaction Banking Operations and Transaction Banking Services.

Corporate Banking Operations

Corporate Banking Operations (CBO) is responsible for credit delivery and post-disbursement control, monitoring and administration of the credit portfolio consisting of the CRG and SME segments. CBO operates through corporate banking branches (CBBs) located at eight major cities, 60 corporate credit service units (CCSUs) mostly at Tier II cities, corporate credit management centres (CCMCs) at six major centres (mostly aligned with the SME Geographies) and centralised corporate credit hubs (CCCH) at Mumbai. CCMCs operate on a distance handling mechanism and handle a large chunk of the credit portfolio pan-India. CBO also processes transactions pertaining to the Supply Chain Channel Finance business, through a dedicated set-up in the form of the Channel Finance Hub (CFH). Besides this, the Corporate Loan Onboarding and Processing (CLOP) department handles account opening, sets various limits and maintains the CRG and SME businesses of the Bank. Both the CFH and CLOP segments are part of the CCCH.

With an objective of sharper focus on customer service, certain back-end monitoring activities have been shifted to CCMCs from CCSUs under whose control CCSUs fall and from CBBs to CCCH, respectively.

The Ministry of Textiles has appointed the Bank as a "nodal bank" for granting eligibility approvals under the Technology Upgradation Fund Scheme (TUFS). A TUFS Cell has been set up within Corporate Banking Operations to handle the eligibility process and subsidy claims under the scheme. The TUFS Cell is vested with the responsibility of examining

and establishing the eligibility and lodgment and dispensation of capital and interest reimbursement under different forms of TUFs along with six other Government subsidy and guarantee schemes.

Transaction Banking Operations

The Transaction Banking Operations (TxBO) is responsible for supervising, monitoring and controlling the wholesale banking operations relating to international trade, retail forex, financial institutions, domestic trade and cash management services of the Bank through centralised knowledge processing centres namely 'Trade Finance Centre', 'Retail Forex & Remittance Centre', 'Financial Institutions Operations Centre', 'Domestic Trade Finance Centre' and 'Centralised Collection & Payment Hub', respectively. The state-of-the-art centralised processing centres are located in Mumbai with Hyderabad and Delhi units acting as business continuity centres. The trade finance operations of all overseas branches of the Bank have also been centralised at Trade Finance Centre, Mumbai. TxBO is responsible for ensuring compliance with product related regulatory and internal guidelines and efficient customer delivery within the agreed turnaround time to facilitate achievement of business targets.

Central Processing Unit

As part of the Bank's initiative to leverage technology, redefine business processes and deliver quality products to its customers with efficiency and cost effectiveness, the Bank set up a central processing unit in Mumbai in December 2001. The central processing unit opens all liability accounts, retail advance accounts, loan accounts and trade finance accounts for all the branches. It also produces welcome kits, and posts cheque books, debit cards, term deposit receipts and statements of account. A separate team verifies whether the accounts are being opened in compliance with the Bank's KYC procedures, and turnaround time is strictly monitored.

Operational Controls and Procedures in Branches

An operational framework has been established to ensure that transactions are handled with precision, regularity and efficiency in a risk-mitigating manner. Operational instruction manuals at the branches detail procedures for processing various banking transactions. Amendments to these manuals are implemented through circulars sent to all branches. Any revision in the processes or operating instructions is reviewed by a committee comprising representatives from all functional and business groups. Adherence to these instructions is continuously monitored by both onsite and offsite inspection mechanisms, complemented by an independent internal audit process.

The Bank places great importance on computer security and has adopted an information security policy. Most of the Bank's IT assets, including critical servers, are hosted in a centralised data centre, which is subject to appropriate physical and logical access controls. The core banking software used by the Bank is based on the "maker and checker" concept, whereby no transaction can be initiated and authorised by a single individual. The power to authorise transactions is exercised by officials in accordance with a scheme of delegation of powers, and monetary limits are incorporated as authorisation levels in the software, which validates each payment.

Operational Controls and Procedures for Internet Banking

Internet banking services are provided only in respect of existing customer accounts for which the necessary identity documentation has been obtained prior to providing the customer with a user identity and password to access its account online. The Bank has in place a two-factor authentication system for inter-banking transactions called "NetSecure". As an additional control feature, the Bank has also implemented a risk-based (adaptive) authentication system for all retail Internet banking users.

Operational Controls and Procedures in Regional and Central Processing Centres

The Bank has centralised transaction processing on a nationwide basis for certain transactions at its central processing centres. These transactions include the issue of ATM cards and personal identification number mailers, reconciliation of ATM transactions, mailing of passwords to Internet banking customers, depositing post-dated cheques received from retail loan customers and processing of credit/debit card transactions routed through the Bank's channels. At select centres, the handling of clearing operations and the management of ATMs have also been centralised for better control.

Competition

The Bank faces strong competition in all of its principal lines of business. The Bank's primary competitors are large public sector banks, other private sector banks, foreign banks and, in some product areas, development financial institutions.

Corporate Relationship Group, SME

The Bank's corporate banking products and services face competition from a number of banks and financial institutions. Public sector banks, which pose major competition to the Bank, have a significant history of operations. These competitors have, over time, built extensive branch networks, providing them with the advantage of a low-cost deposit base, and enabling them to lend at competitive rates. In addition, the extensive geographic reach of many of these institutions enables product delivery in remote parts of the country. The Bank seeks to compete with these banks through faster response to customer requirements, quality of service, a fast growing inter-connected branch network and technology-enabled delivery capabilities.

Other private sector banks also compete in the corporate banking market on the basis of efficiency, service delivery and technology. However, the Bank's management believes that its product portfolio, credit selection strategy, response time, service quality and the strength of its established relationships, provide it with a competitive edge over these other private sector banks.

The Bank also faces competition from foreign banks, who traditionally having been active in providing trade finance, fee-based services and other short-term financing products to top-tier Indian corporations. The Bank has established strong ties in trade finance, strong fee-based cash management services and competes with foreign banks through its broader branch network in the country, innovative products and competitive pricing.

To address the consequences of competition, the Bank has renewed its focus on transaction banking building on its IT infrastructure and with an intent to deepen relationships with its corporate relationships across all banking products.

Retail Banking

In retail banking, the Bank's principal competitors are the large public sector banks, which have much larger deposit bases and branch networks, as well as aggressive new private sector banks and the foreign banks. The retail savings deposit share of foreign banks in India is quite small in comparison to the public sector banks, and has declined in the last five years, which the Bank's management attributes principally to competition from new private sector banks. However, some foreign banks have a significant presence among NRIs and also compete for non-branch-based products such as auto loans.

The Bank faces significant competition primarily from foreign banks in the debit card segment. In mutual fund sales and other investment-related products, the Bank's principal competitors are brokers, foreign banks and new private sector banks.

Treasury

In its treasury advisory services for corporate clients, the Bank competes principally with foreign banks in foreign exchange and derivatives, as well as public sector banks in the foreign exchange and money markets businesses.

Intellectual Property

The Bank utilises a number of different forms of intellectual property in its business including its AXIS BANK brand and the names of the various products it provides to its customers. The Bank has made applications for registration of its AXIS BANK brand name and certain other trademarks, including words and logos with the relevant trademarks registry in different jurisdiction where the Bank has operational presence and in some jurisdiction the bank has completed the formalities of registration, while few of the applications are currently pending. Except as disclosed above, the Bank believes that it currently owns, has licensed or otherwise possesses the rights to use, all intellectual property and other proprietary rights, including all trademarks, domain names, copyrights, and trade secrets used in its business.

Employees

The Bank believes that employees are its most important asset. The Bank is an equal opportunity employer and is committed to hiring, developing and promoting individuals who best meet the requirements of available positions, possess the required competencies, experience and qualifications to carry out assigned tasks, and have the potential for growth within the organisation.

As at 31st March 2017, the Bank had 56,617 employees, as compared with 50,135 employees as at 31st March 2016.

Information Technology

The IT Department of the Bank manages all banking applications through a central team having strong domain capabilities in banking, treasury, channels, payments and collections, along with technical capabilities. The IT operations are managed through a cross-functional team involving functional and technical experts.

The Bank undertook various technology-enabled business initiatives to deliver improved customer experience, ease of banking and operational excellence to its customers. Technology has enabled the Bank's customers to access all products of the Bank through a seamless multi-channel integration system. The Bank has been focusing on 'digitisation' of its back-end processes and providing its customers with digital and mobile banking services. The Bank is also focused on further improving its governance and compliance processes in its IT division. The IT Plans are guided by the principles of improving customer service with the help of digital banking, leveraging the Bank's Payments business capability, sustained focus on Analytics, improved tie-ups with government agencies/departments, providing self-assisted capability to customers, efficient sales channels, a transformed branch experience, operations excellence and improved risk position.

The Bank has set up an enterprise-wide payment hub to process payments in both domestic and foreign currency. Furthermore, in the near future the bank is planning to add specialised services and features surrounding the payment ecosystem. The network infrastructure of the Bank is centralised and operates from two data centres located in Navi Mumbai and Bengaluru. The applications are delivered to the domestic and overseas branches and offices through a wide-area network consisting of leased and multiprotocol label switching (MPLS) connectivity.

During fiscal 2017-18, the Bank plans to continue its significant IT transformation to further strengthen its IT architecture in tandem with its future growth.

Competitive Strengths

The Bank considers the following to be its principal competitive strengths:

Positive growth in net interest and fee income, reflecting the strength and diversity of the Bank's core earning streams

The Bank offers a wide range of products that generate interest and fee income, both of which have positive growth. In the years ended 31st March 2015, 2016 and 2017, the Bank had net interest income growth of 19.01 per cent., 18.34 per cent. and 7.49 per cent., respectively, and fee income growth of 13.26 per cent., 10.67 per cent. and 5.07 per cent., respectively. The Bank believes that its combination of diverse product offerings and a customer-focused approach has enabled it to structure solutions to meet its customers' needs, resulting in sustained revenue generation, even in recent difficult market conditions.

Strong presence in the Indian retail banking market through its nationwide distribution network, expansion of the Bank's product and customer base, and the provision of high-quality customer service

The Bank has a nationwide distribution network with one of the largest number of branch outlets among private sector banks in India. As at 31st March 2017, the Bank had a network of 3,304 branches and extension counters and 14,163 ATMs spread over 1,946 cities and towns in India. Since commencing operations in April 1994, the Bank has grown in terms of its physical network of branches, extension counters and ATMs. This extensive nationwide network provides the Bank with a strong sales platform, which enables the Bank to cross-sell its products and to deliver high-quality and convenient services.

The Bank offers a wide array of traditional asset and liability products and services to its customers and is continually working to offer additional products that are specially tailored to meet the needs of the Bank's diverse customers. The Bank provides Internet and mobile banking services that offer 24-hour access to customer accounts and the ability to conduct routine banking transactions, such as online bill payment and application for lines of credit remotely. In addition, high-quality customer service has always been a top priority for the Bank. To improve the customer experience, the Bank provides regular staff training in customer service and engages third party consultants to assess the quality of service that the Bank provides to its customers. The Bank believes that its convenient locations and services, as well as its high-quality customer service, provide incentives for its customers to open and maintain accounts with the Bank.

Access to low-cost funds

The Bank enjoys a low-cost deposit base achieved through targeted branch network expansion and customised product offerings. The Bank's target depositor base consists of retail depositors and SMEs that the Bank believes choose the network because of the convenience of its branch locations, convenient access to ATMs and remote banking services, as well as diverse product offerings. As at 31st March 2017, the Bank had 14,163 ATMs, representing the second largest ATM network in India according to the Bankwide ATM/point-of-sale (POS) card statistics published by the RBI. In addition, as at 31st March 2017, the Bank had low-cost deposits (savings and current account deposits) totalling Rs. 213050 crores. The Bank's broad-based distribution network, which includes the Bank's branch network and alternative delivery channels, provides the Bank with access to these depositors, which in turn allows the Bank to maintain low-cost funding through customer deposits.

Financial position

For the year ended 31st March 2017, the Bank reported a cost-to-income ratio of 40.96 per cent., and a net interest margin of 3.67 per cent. As at 31st March 2017, the Bank's capital adequacy ratio under Basel III capital regulations was 14.95 per cent., which was well above the RBI minimum requirement of 10.25 per cent. (including capital conservation buffer of 1.25 per cent.). The Bank's capital position, as measured by its overall and Tier I capital adequacy ratios, allows the Bank to take advantage of significant growth opportunities in the market.

Advanced use of technology for cost efficiency and effective delivery of products and services to the Bank's customers

The Bank's IT strategy has supported business initiatives by continuously updating technology and process platforms. By establishing an IT system that effectively integrates customer service channels, Internet banking, customer service systems and telephone banking including personalised mobile banking and information platforms, the Bank is able to provide its management team with relevant financial and operational data on a real-time basis and better serve the Bank's customers in an efficient and effective manner.

Experienced management team

The Bank has an experienced management team staffed with career banking professionals. The Bank's top management has wide-ranging experience in the banking and financial sector. The rest of the senior management team has strengths in key areas including retail, corporate and international banking. The management team's extensive and diverse expertise provides the Bank with a broad perspective from which it can make strategic management and operational decisions. As a private sector bank, the Bank has been able to adopt a management culture that allows it to adapt quickly to changing market conditions and changing customer requirements. The Bank believes that its management team has defined a clear, strategic direction for the Bank that will allow it to expand and maintain its position as a leading private sector bank in India.

IV. A BRIEF HISTORY OF THE ISSUER SINCE ITS INCORPORATION GIVING DETAILS OF ITS ACTIVITIES INCLUDING ANY REORGANIZATION, RECONSTRUCTION OR AMALGAMATION, CHANGES IN ITS CAPITAL STRUCTURE, (AUTHORIZED, ISSUED AND SUBSCRIBED) AND BORROWINGS, IF ANY.

The Bank obtained its certificate of incorporation on 3rd December, 1993 and its certificate of commencement of business on 14th December, 1993. Its first branch was opened at Ahmedabad in April 1994. The Bank was renamed as "Axis Bank Limited" and the certificate of incorporation consequent to the name change was obtained on 30th July, 2007.

The Bank began its operations on 2nd April 1994 as one of the first private sector banks established under guidelines issued in 1993 by RBI in line with the Government's policy to reform India's financial sector. The Bank's entire initial equity capital of Rs.1 billion was contributed by UTI-I (previously Unit Trust of India). Subsequently, LIC contributed Rs.75 million and GIC, together with four Government-owned general insurance companies, contributed Rs.75 million.

The Bank's equity capital was on stock exchange through an Initial Public Offering in September 1998. In March 2005, the Bank issued its first Global Depositary Receipts (GDRs) to overseas investors. Each GDR represents one equity share of the Bank. The GDRs are listed on the London Stock Exchange.

The shareholders of the Bank at 20th Annual General Meeting held on 27th June, 2014 approved the change in face value of the shares. Accordingly, each existing Equity Share of the Bank having a face value of Rs. 10/- each has been sub-divided into 5 (Five) Equity Shares having face value of Rs. 2/- each fully paid up w.e.f. 30th July, 2014 being the record date. Consequently, the ratio of the Bank's GDR to equity shares has been revised from one GDR representing one underlying equity share of the Bank to one GDR representing five underlying equity shares of the Bank.

Trading

The Debentures shall be traded in Demat mode only.

Procedure for applying in demat form

- The applicant must have at least one beneficiary account with any of the Depository Participants (DPs) of NSDL or CDSL prior to making the application.
- The applicant must necessarily fill in the details (including the beneficiary account number and Depository Participant's ID) appearing in the Application Form.
- Debentures allotted to an applicant will be credited directly to the applicant's respective beneficiary account(s) with the DP.
- For subscribing the Debentures, names in the Application Form should be identical to those appearing in the account details in the Depository. In case of joint holders, the names should necessarily be in the same sequence as they appear in the account details in the Depository.
- The Registrars to the Issue will directly send non-transferable allotment advice/refund orders to the applicant.
- If incomplete/incorrect details are given in the Application Form, it will be deemed to be an incomplete application and the same may be held liable for rejection at the sole discretion of the Bank.
- For allotment of Debentures, the address and other details of the applicant as registered with its DP shall be used for all correspondence with the applicant. The applicant is therefore responsible for the correctness of its demographic details given in the application form vis-a-vis those with its DP.
- In case the information is incorrect or insufficient, the Issuer would not be liable for losses, if any.
- It may be noted that Debentures being issued in electronic form, the same can be traded only on the Stock Exchanges having electronic connectivity with NSDL or CDSL. NSE & BSE where the Debentures of the Bank are proposed to be listed has connectivity with NSDL and CDSL.
- Interest or other benefits would be paid to those Debenture Holders whose names appear on the list of beneficial owners given by the Depositories to the Bank as on Record Date. In case of those Debentures for which the beneficial owner is not identified by the Depository as on the Record Date, the Bank would keep in abeyance the payment of interest or other benefits, till such time that the beneficial owner is identified by the Depository and conveyed to the Bank, whereupon the interest or benefits will be paid to the beneficiaries, as identified, within a period of 30 days.

Procedure and time schedule for allotment/ refund

The beneficiary account of the investor(s) with National Securities Depository Limited (NSDL) / Central Depository Services (India) Limited (CDSL) / Depository Participant will be given initial credit within 2 days from the Deemed Date of Allotment. Applications under power of attorney

A certified true copy of the power of attorney or the relevant authority as the case may be along with the names and specimen signature(s) of all the authorized signatories and the tax exemption certificate/ document, if any, must be lodged along with the submission of the completed Application Form. Further modifications/ additions in the power of attorney or authority should be notified to the Bank or to its Registrars or to such other person(s) at such other address(es) as may be specified by the Bank from time to time through a suitable communication.

Application by mutual funds

In case of applications by mutual funds, a separate application must be made in respect of each scheme of an Indian mutual fund registered with SEBI and such applications will not be treated as multiple applications, provided that the application made by the asset management company/ trustees/ custodian clearly indicate their intention as to the scheme for which the application has been made.

Application by provident funds, superannuation funds and gratuity funds

The applications must be accompanied by certified true copies of (i) Trust deed/bye laws/resolutions, (ii) resolution authorising investment and (iii) specimen signatures of the authorised signatories. Those desirous of claiming tax exemptions on interest on application money are compulsorily required to submit a certificate issued by the Income Tax Officer along with the Application Form. For subsequent interest payments, such certificates have to be submitted periodically.

Tax deduction at source

In terms of Section 193 of Income Tax Act, 1961 tax has to be deducted at source from the interest on securities at the rates proscribed. Further, the proviso to the said Section 193 enlists the securities where tax need not be deducted at source.

Finance Act 2008 has inserted clause (viii) under the proviso to Section 193, which reads as under:

"Any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 and rules made thereunder."

The amendment, which is effective 1st June 2008, will have following implications:

- Taxes will not be deducted at source by the Bank from interest paid on debentures, which are listed on the recognized stock exchanges and held in dematerialised form by investors.

However in future, if there is any change in Income Tax Act, 1961, or any other statutory modification or reenactment thereof which requires to deduct tax at source (TDS) then Bank will deduct tax at source. For seeking TDS exemption/

lower rate of TDS, relevant certificate(s)/ document(s) must be lodged 30 days before the Coupon Date or 31st March whichever is earlier, each financial year. Tax exemption certificate on interest on application money, should be submitted along with the Application Form. Where any deduction of Income Tax is made at source, the Bank shall send to the Debenture Holder(s) a Certificate of Tax Deduction at Source. Those desirous of claiming tax exemptions on interest on application money are required to submit a certificate, if any, issued by the Income Tax Officer or a declaration / other document conforming tax exemption along with the Application Form

Debenture Holder(s) should also consult their own tax advisers on the tax implications of the acquisition, ownership and sale of these Debentures and income arising thereon.

Succession

In the event of winding-up of the holder of the Debentures (s), the Bank will recognize the executor or administrator of the concerned Debenture Holder(s), or the other legal representative as having title to the Debenture(s). The Bank shall not be bound to recognize such executor or administrator or other legal representative as having title to the Debentures(s), unless such executor or administrator obtains probate or letter of administration or other legal representation, as the case may be, from a Court in India having jurisdiction over the matter.

The Bank may, in their absolute discretion, where they think fit, dispense with production of probate or letter of administration or other legal representation, in order to recognize such holder as being entitled to the Debenture (s) standing in the name of the concerned Debenture Holder on production of sufficient documentary proof or indemnity.

Procedure for application and mode of payment

This being a private placement offer, investors who have been addressed through this communication directly only are eligible to apply.

Applications for the Debentures must be in the prescribed form (enclosed) and completed in BLOCK LETTERS in English and as per the instructions contained therein.

Applications complete in all respects (along with all necessary documents as detailed in the Disclosure Document) must be submitted before the last date indicated in the issue time table or such extended time as decided by the Bank, at any of the designated collection centers, accompanied by the subscription amount. Money orders/postal orders will not be accepted. The Bank assumes no responsibility for any applications/ cheques/ demand drafts lost in mail.

Only Axis Bank cheques or Axis Bank Demand Draft or RTGS or credit by any other electronic mode shall be accepted. For bank account details, please refer the instructions given with Application Form.

No separate receipt will be issued for the application money. However, the Bank's designated collection branches or arrangers receiving the duly completed Application Form will acknowledge receipt of the application by stamping and returning to the applicant the acknowledgment slip at the bottom of the each Application Form.

As a matter of precaution against possible fraudulent encashment of interest warrants / cheques due to loss/misplacement, the applicant should furnish the full particulars of his or her bank account (i.e. account number, name of the bank and branch) at the appropriate place in the Application Form. Payment of interest or on redemption will be made by RTGS/NEFT or any other electronic mode or in absence of electronic mode then by cheque(s)/ demand drafts in the name of the applicant / investor. The interest warrants will then be made out in favour of the bank for credit to his/her account so specified and dispatched to the investors, who may deposit the same in the said bank.

31	Call Option Date	Issuer Call Date, Tax Call Date and Regulatory Call Date
32	Call Option Price	At par i.e. Rs. 10.00 lakh per Bond
33	Call Notification Time	21 calendar days prior to the date of exercise of Call Option
34	Repurchase/ Buy-Back/ Redemption	a) Principal amount of the Bonds may be repaid (o.g. through repurchase or redemption) only with prior approval of RBI; b) The Bank may repurchase/ buy-back/ redeem the Bonds only if:

I.

		i. It replaces the Bonds with capital of the same or better quality and the replacement of this capital is done at conditions which are sustainable for the income capacity of the Bank; or ii. The Bank demonstrates that its capital position is well above the minimum capital requirements after the repurchase/ buy-back/ redemption.
35	Coupon Discretion	a) The Bank may elect, at its full discretion, to cancel (in whole or in part) coupon/distributions scheduled to be paid on Coupon Payment Date in order to meet eligibility criteria for perpetual debt instruments under Basel III Regulations. Such cancellation of coupon/distributions will not be an event of default. On cancellation of the coupon/distributions, these payments will be extinguished and the Bank shall have no obligation to make such payments in kind. b) All instances of non-payment of coupon will be notified by the bank to the Chief General Managers-in-Charge of Department of Banking Regulation and Department of Banking Supervision of the Reserve Bank of India, Mumbai c) The Bonds do not carry a "dividend pusher" feature i.e., if the Bank makes any payment (coupon/dividend) on any other capital instrument or share, the Bank shall not be obligated to make coupon payment on the Bonds. d) The Bank shall have full access to cancelled payments to meet obligations as they fall due. e) Cancellation of distributions/coupon shall not impose restrictions on the Bank except in relation to distributions to common stakeholders. f) Further, Coupons must be paid out of 'distributable items'. In this context, coupon may be paid out of current year profits. However, if current year profits are not sufficient, Coupon may be paid subject to availability of: (i) Profits brought forward from previous years, and/or (ii) Reserves representing appropriation of net profits, including statutory reserves, and excluding share premium, revaluation reserve, foreign currency translation reserve, investment reserve and reserves created on amalgamation. The accumulated losses and deferred revenue expenditure, if any, shall be netted off from (i) and (ii) to arrive at the available balances for payment of Coupon. If the aggregate of: (a) profits in the current year; (b) profits brought forward from the previous years and (c) permissible reserves as at (ii) above, excluding statutory reserves, net of accumulated losses and deferred revenue expenditure are less than the amount of coupon, only then the bank shall make appropriation from the statutory reserves. In such cases, banks are required to report to the Reserve Bank within twenty-one days from the date of such appropriation in compliance with Section 17(2) of the Banking Regulation Act 1949. It may be noted that prior approval of the Reserve Bank for appropriation of reserves as above, in terms of the circular, DBOD.BP.BC No.31/21.04.018/2006-07 dated 20th September, 2006 on 'Section 17 (2) of Banking Regulation Act, 1949 - Appropriation from Reserve Fund' is not required in this regard. However, payment of coupons on the Bonds from the reserves is subject to the Bank meeting minimum regulatory requirements for CET1, Tier 1 and Total Capital ratios including the additional capital requirements for Domestic Systemically Important Banks at all times and subject to the restrictions under the capital buffer frameworks. (i.e. capital conservation buffer and countercyclical capital buffer) set out in Basel III Regulations; g) Coupon on the Bonds will be non-cumulative. If coupon is cancelled or paid at a rate lesser than the Coupon Rate, the unpaid coupon will not be paid in future years. Non-payment of coupon will not constitute an Event of Default in respect of the Bonds; h) In the event that the Bank determines that it shall not make a payment of coupon on the Bonds, the Bank shall notify the Trustee not less than [21] calendar days prior to the relevant Coupon Payment Date of that fact and of the amount that shall not be paid.
36	Dividend Stopper Clause	Dividend Stopper Clause will be applicable to these Bonds and it will stop dividend payments on common shares in the event the holders of the Bonds are not paid coupon. In the event the holders of these Bonds are not paid coupon, it shall not impede the full discretion that the Bank had at all times, to cancel distributions/ payments on the Bonds, nor will it impede or hinder: (i) The Re-Capitalization of the Bank

		(ii) The Bank's right to make payments on other instruments, where the payments on this other instrument were not also fully discretionary. (iii) The Bank's right to making distributions to shareholders for a period that extends beyond the point in time that coupon /dividends on the Bonds are resumed. (iv) The normal operation of the Bank or any restructuring activity (including acquisitions/ disposals).
37	Coupon Rate	8.75% p.a.

67	Loss Absorption Features	These Bonds are subject to principal loss absorption as described herein and required of Additional Tier I instruments at Level of Pre-Specified Trigger and at Point of Non Viability as provided for in Annex 16 of the Basel III Regulations. The write-down will have the following effects: (a) Reduce the claim of the Bonds in liquidation; (b) Reduce the amount re-paid when a call is exercised; and (c) Partially or fully reduce Coupon payments on the Bonds. Accordingly, the Bonds shall have features of temporary or permanent write-down mechanism. When a paid-up instrument is fully and permanently written-down, it ceases to exist resulting in extinguishment of a liability of a bank (a non-common equity instrument) and creates CET1. A temporary write-down is different from a permanent write-down i.e. the original instrument may not be fully extinguished. Generally, the par value of the instrument is written-down (decrease) on the occurrence of the trigger event and which may be written-up (increase) back to its original value in future depending upon the conditions prescribed in the terms and conditions of the instrument. The amount shown on the balance sheet subsequent to temporary write-down may depend on the precise features of the instrument and the prevailing accounting standards.
68	Loss absorption features of Additional Tier 1 (AT1) Instruments at the Pre-Specified Trigger	
	Level of Pre-Specified Trigger and amount of Equity to be created by write-down	a) If a CET1 Trigger Event (as described below) occurs, the Bank shall: (i) notify the Trustee; (ii) cancel any coupon which is accrued and unpaid to as on the write-down date; and (iii) without the need for the consent of holders of the Bond or the Trustee, write down the outstanding principal of the Bonds by such amount as the Bank may in its absolute discretion decide subject to the amount of write down not exceeding the amount which would be required to bring the CET 1 Ratio to 8% of RWAs (minimum CET 1 of 5.5% + capital conservation buffer of 2.5%) and in no case such amount shall be less than the amount required to immediately return the Bank's CET 1 Ratio (as defined below) to above the CET1 Trigger Event Threshold (as

		defined below) or, if this is not possible, the full principal value of the Bonds (the "CET1 Write Down Amount"). b) The write-down will generate Common Equity Tier 1 (CET1) under applicable Indian Accounting Standards (i.e. net of contingent liability recognised under the Indian Accounting Standards, potential tax liabilities, etc., if any). c) The write-down of any CET 1 capital shall not be required before a write-down of these Bonds. A write-down may be allowed more than once in case the Bank hits the CET1 Trigger Event subsequent to the first write-down which was partial. Once the principal of a Bond has been written down pursuant to this Condition (Temporary write down), it may be restored in accordance with conditions laid out by RBI. d) CET1 Trigger Event means that the Bank's CET 1 Ratio is: (i) if calculated at any time prior to 31st March, 2019, at or below 5.5%; or (ii) if calculated at any time from and including 31st March, 2019, at or below 6.125%,(the "CET1 Trigger Event Threshold"); e) CET1 Ratio (Common Equity Tier 1 Ratio) means the Common Equity Tier 1 Capital (as defined and calculated in accordance with the Basel III Regulations) of the Bank expressed as a percentage of the total risk weighted assets (as defined and calculated in accordance with the Basel III Regulations) of the Bank; f) If the CET1 Trigger Event Threshold is breached and the Bank's equity is replenished through write-down of the Bonds, such replenished amount of equity will be excluded from the total equity of the Bank for the purpose of determining the proportion of earnings to be paid out as dividend in terms of rules laid down for maintaining the capital conservation buffer (as described in the Basel III Regulations). However, once the CET1 Ratio of 8% is attained without counting the replenished equity capital, from that point onwards, the Bank may include the replenished equity capital for all purposes. g) The write-down of the Bonds shall be primarily intended to replenish the equity in the event it is depleted by losses. The Banks shall not use write-down of the Bonds to support expansion of balance sheet by incurring further obligations/ booking assets. Accordingly, if the CET1 Ratio slips below 8% due to losses and is still above 6.125% i.e. the CET1 Trigger Event Threshold, it shall expand its balance sheet further only by raising fresh equity from its existing shareholders or market and the internal accruals. However, fresh exposures can be taken to the extent of amortization of the existing ones. h) If any expansion in exposures, such as due to draw down of sanctioned borrowing limits, is inevitable, this should be compensated within the shortest possible time by reducing other exposures. For the purpose of determination of the CET1 Trigger Event Threshold, the fresh equity, if any, raised after slippage of CET1 Ratio below 8% will not be subtracted. In other words, if CET1 of the Bank now is above the trigger level though it would have been below the trigger had it not raised the fresh equity which it did, the trigger will not be treated as breached.
69	Loss absorbercy features of Additional Tier 1 Instruments at the Point of Non-Viability	
	Permanent principal write-down on PONV Trigger Event	The Bonds, at the option of the Reserve Bank of India, can be permanently written off upon occurrence of the trigger event, called the Point of Non-Viability Trigger ("PONV Trigger"). If a PONV Trigger (as described below)occurs, the Bank shall: (i) notify the Trustee; (ii) cancel any coupon which is accrued and unpaid on the Bonds as on the write-down date; and (iii) Without the need for the consent of holders of the Bond or the Trustee, write down the outstanding principal of the Bonds by such amount as may be prescribed by RBI ("PONV Write Down Amount") and subject as is otherwise required by the RBI at the relevant time. The Bank will affect a write-down within thirty days of the PONV Write-Down Amount being determined and agreed with the RBI. PONV Trigger, in respect of the Bank means the earlier of: (i) a decision that a principal write-down, without which the Bank would become non-viable, is necessary, as determined by the RBI; and (ii) the decision to make a public sector injection of capital, or equivalent support, without which the Bank would have become non-viable, as determined by the RBI.

		The trigger at PONV shall be evaluated both at consolidated and solo level and breach at either level will trigger write-off. Once the principal of the Bonds have been written down pursuant to PONV Trigger Event, the PONV Write-Down Amount will not be restored in any circumstances, including where the PONV Trigger Event has ceased to continue. The write-off of any CET 1 capital shall not be required before the write-off of any Non-equity (Additional Tier 1 and Tier 2) regulatory capital instrument. A write-off consequent upon the trigger event shall occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted. The Bonds do not provide for any residual claims on the Bank which are senior to ordinary shares of the Bank (or banking group entity where applicable), following a PONV Trigger Event when write-off is undertaken.
	A Non-Viable Bank	For the purpose of the Basel III Regulations, a non-viable bank will be: A bank which, owing to its financial and other difficulties, may no longer remain a going concern on its own in the opinion of the RBI unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by a bank should be such that these are likely to result in financial losses and raising the Common Equity Tier 1 capital of the bank should be considered as the most appropriate way to prevent the bank from turning non-viable. Such measures would include write-off of non-equity regulatory capital in combination with or without other measures as considered appropriate by the RBI. In rare situations, the bank may also become non-viable due to nonfinancial problems, such as conduct of affairs of the bank in a manner which is detrimental to the interest of depositors, serious corporate governance issues, etc. In such situations raising capital is not considered a part of the solution and therefore, may not attract provisions of RBI Regulations. RBI shall follow a two-stage approach to determine the non-viability of the Bank. The Stage 1 assessment would consist of purely objective and quantifiable criteria to indicate that there is a prima facie case of the Bank approaching non-viability and, therefore, a closer examination of the Bank's financial situation is warranted. The Stage 2 assessment would consist of supplementary subjective criteria which, in conjunction with the Stage 1 information, would help in determining whether the Bank is about to become nonviable. These criteria would be evaluated together and not in isolation. Once the PONV is confirmed, the next step would be to decide whether rescue of the Bank would be through write-off alone or write-off in conjunction with a public sector injection of funds.
	Restoring Viability	A bank facing financial difficulties and approaching a PONV will be deemed to achieve viability if within a reasonable time in the opinion of the RBI, it will be able to come out of the present difficulties if appropriate measures are taken to revive it. The measures including augmentation of equity capital through write-off/ public sector injection of funds are likely to: - Restore depositors'/investors' confidence - Improve rating/ creditworthiness of the Bank and thereby improve its borrowing capacity and liquidity and reduce cost of funds; and - Augment the resource base to fund balance sheet growth in the case of fresh injection of funds.
70	Treatment in Winding-Up, Amalgamation, Acquisition, Reconstitution etc. of the Bank	Winding-Up of the Bank - In the event of the winding-up of the Bank prior to the Bonds and any accrued but unpaid interest thereon being written-off in accordance with the paragraphs on "Loss Absorbency features of Additional Tier 1 (AT1) Instruments at the Pro-Specified Trigger" and "Loss absorbency features of Additional Tier 1 Instruments at the Point of Non-Viability" above, the claims of the Trustee and the holders of the Bonds will be in accordance with the paragraph on "Seniority of claim" above and otherwise in accordance with applicable laws. - In the event of the winding-up of the Bank after the Bonds and any accrued but unpaid interest thereon have been written-off, the Trustee and the holders of the Bonds will have no claim in respect of the Bonds (or any such accrued but unpaid interest thereon) in such winding-up. Amalgamation of the Bank (Section 44A of the Banking Regulation Act, 1949) - If the Bank is amalgamated with any other bank before the Bonds have been written-down, the Bonds will become part of the corresponding categories of regulatory capital of the now bank emerging after the merger. - If the Bank is amalgamated with any other bank after the Bonds have been written-down temporarily, the amalgamated entity can write-up these

		instruments as per its discretion								
		3. If the Bank is amalgamated with any other bank after the Bonds have been written-down permanently, these cannot be written-up by the amalgamated entity.								
		Scheme of reconstitution or amalgamation of the Bank (Section 45 of the Banking Regulation Act, 1949)								
		If the relevant authorities decide to reconstitute the Bank or amalgamate the Bank with any other bank under Section 45 of the Banking Regulation Act, 1949, the Bank will be deemed as non-viable or approaching non-viability and both the pre-specified trigger and the trigger at the point of non-viability for write-down of the Bonds will be activated. Accordingly, the Bonds shall be written-down permanently before such amalgamation / reconstitution.								
71	Order of claim of AT 1 instruments at the event of Gone concern situation	The order of claim of various types of regulatory capital instruments issued by the Bank and that may be issued in future shall be as under: Additional Tier 1 debt instruments will be superior to the claims of investors in equity shares and perpetual non-cumulative preference shares and subordinated to the claims of all depositors and general creditors & subordinated debt (other than subordinated debt qualifying as Additional Tier1 Capital) of the Bank. However, write down / claim of Additional Tier 1 debt instruments will be on pari-passu basis without preference amongst themselves and other debt instruments classifying as Additional Tier 1 Capital irrespective of the date of issue.								
72	Governing Law and Jurisdiction	The Bonds are governed by and shall be construed in accordance with the existing laws of India. Any dispute arising thereof shall be subject to the exclusive jurisdiction of the Courts at Mumbai, Maharashtra.
